MACDONALD COLLEGE ANNUAL

Faillt-Ye! Faillt-Ye! Faillt-Ye Clan Macdonald!
We're a chip of old McGill and call ourselves Macdonald.
Rah! Rah! Rah! Who are we?
We are, we are, M. A. C!
M-C-G-I-L-L.
What's the matter with old McGill?
She's all right, oh yes, you bet!
McGill! McGill! McGill!
Rah! Rah! Rah!
Rah! Rah! Rah!
Rah! Rah! Rah!
McGill!!!

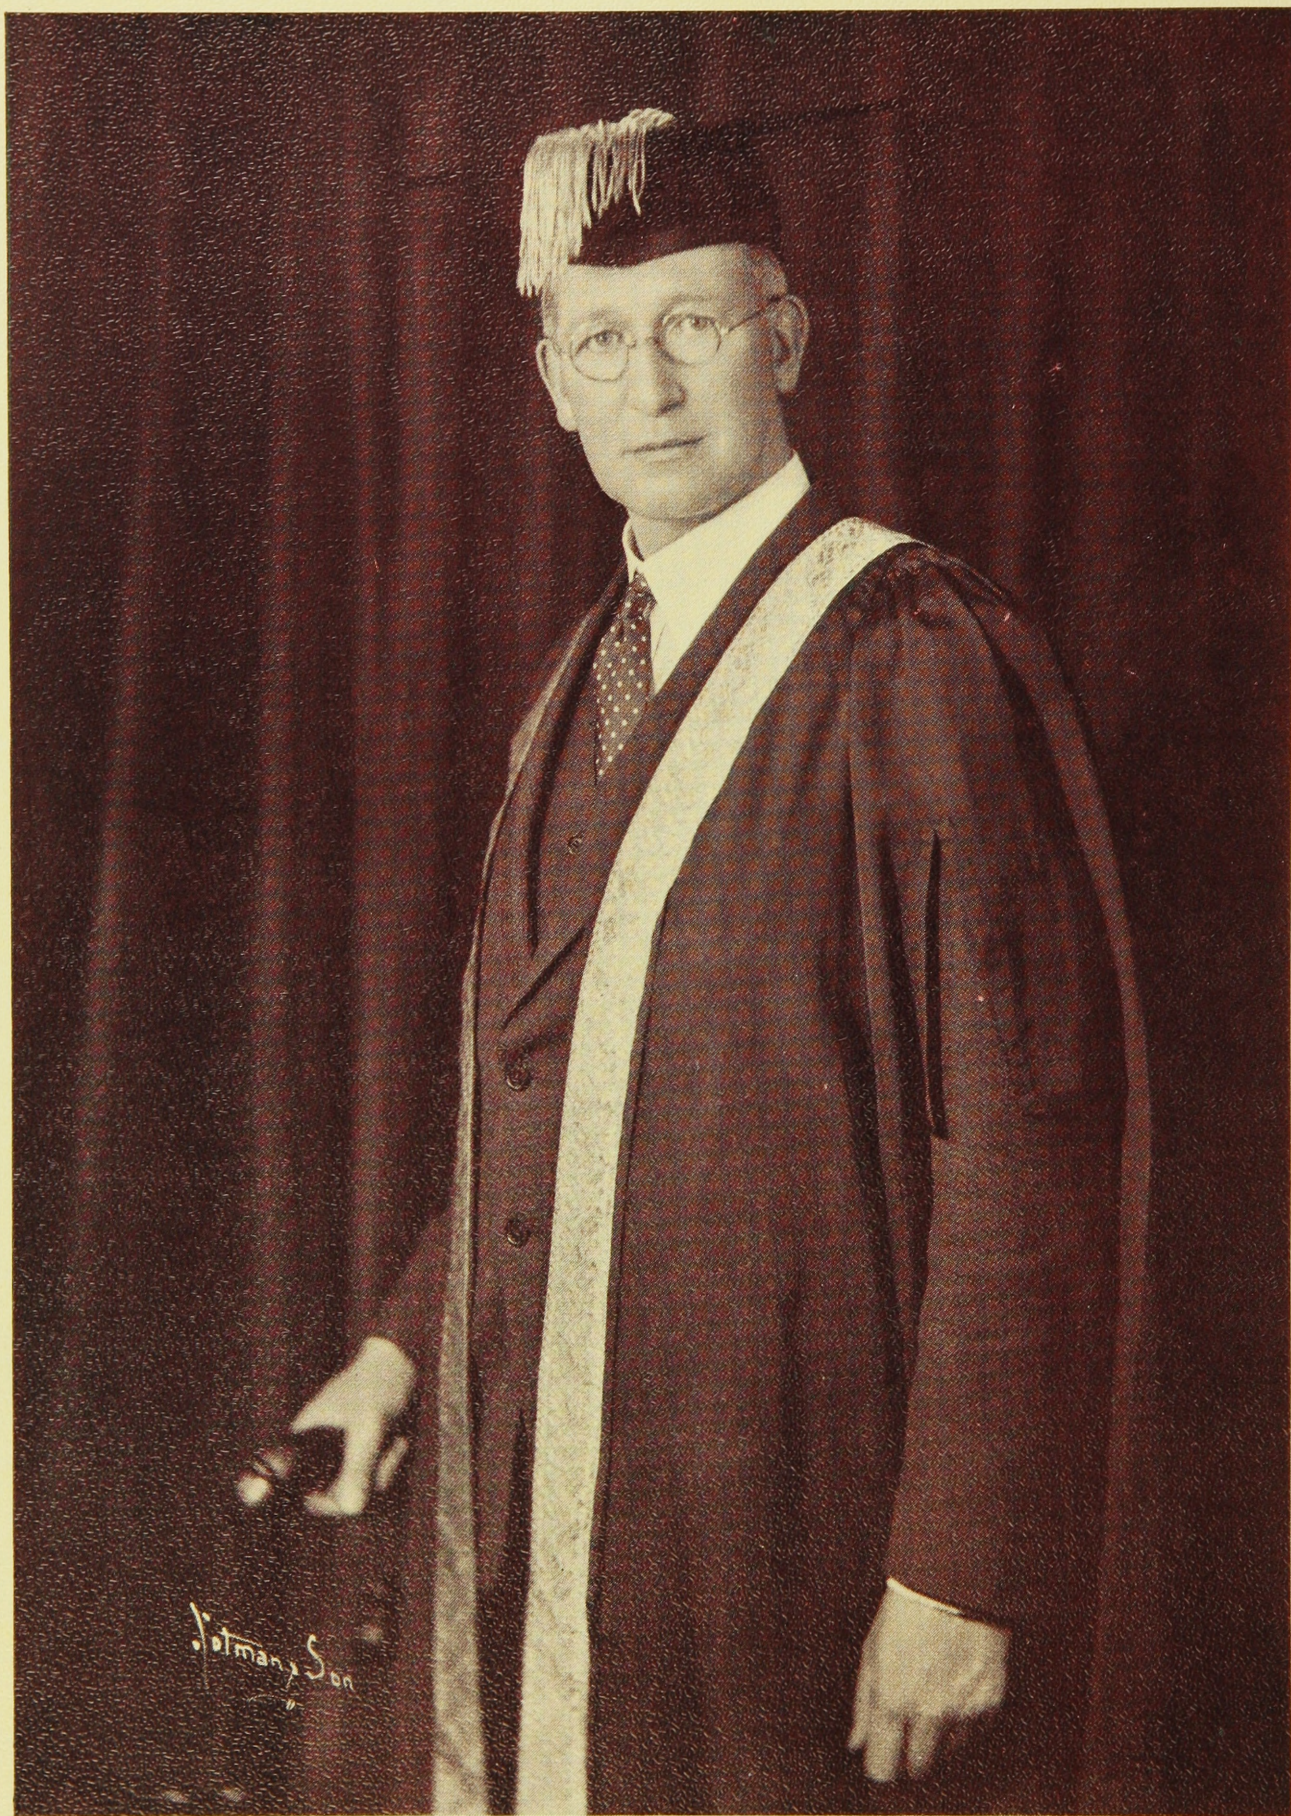

VOLUME
IV
1936

DEDICATION

To our Principal and Vice-Chancellor,
A. E. Morgan, M.A., who through his
understanding, ability, and appreciation
of our problems, commands the loyalty
and respect of every student in the
University, we dedicate this book.

ARTHUR EUSTACE MORGAN, M.A., Principal and Vice-Chancellor

Message

Macdonald College is the home of rural studies. The farmer who tills the soil, his women folk, who make the home, the teachers who train the children: Quebec looks to Macdonald to provide all these. That was Sir William Macdonald's dream—a great creation of imagination and faith.

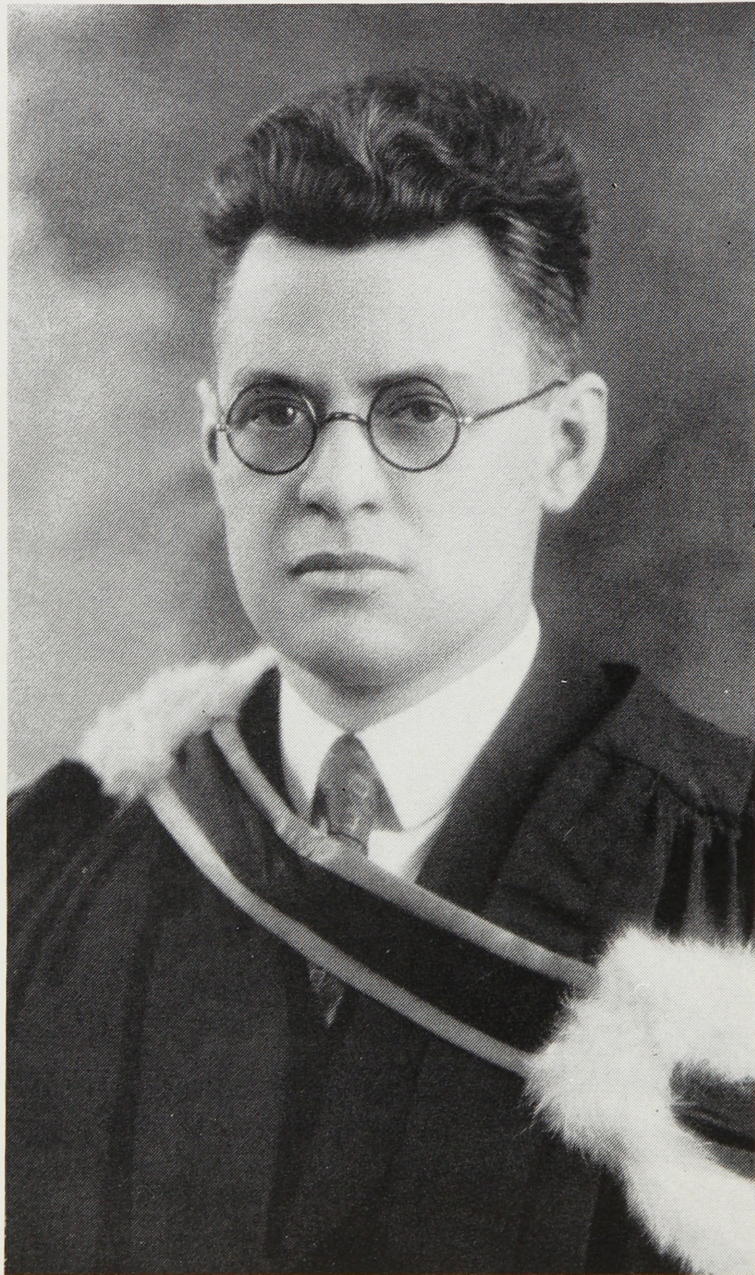

In the short time since I have been in Canada, I have had some opportunities of learning to know the College, and also, with the help of men from Macdonald College, I have made contact with rural folk in various parts of the Province. All that I have seen makes me realize how fine are the men and women who lead their life on the land, and in the College I see the young men and women who come from these homes in the country. Times are hard and a livelihood is not lightly won, but the invincible qualities of determination and optimism are widespread.

Wherever I go I find the trace of Macdonald influence. Here a farmer or his son has been to College. In another home the daughter has studied domestic science, and there is a teacher who has passed through a course of training. Or, it may be that the agronomist is one of our graduates. And so it goes on: wherever you go you strike McGill or Macdonald men and women. This is surely matter for high satisfaction: it inspires at once a sense of pride and a feeling of responsibility.

To all of you who pass out this year to the wider sphere of the world I wish godspeed, and leave with you the reminder that Canada needs Macdonald men and women, and that in this year of grace you are the contribution which the College makes to your country.

A. E. MORGAN,

Principal and Vice-Chancellor.

Message

Viewed in retrospect, the session now drawing to a close appears to have been an active — indeed, an exuberant year for both students and staff. The ties that unite Macdonald to the rest of the University were cemented by frequent informal visits from the Principal, whose interest in the students and their activities has been much appreciated. We have also been honoured by visits from the Chancellor, several members of the Board of Governors, and by Deans and professors of other faculties, in connection with functions sponsored by the newly organized Macdonald Club. Founder's Day, bringing with it a concert by the Temple Choir, was thoroughly enjoyed, including the rendition of the "old" new song, "Braw Macdonald". The revival of the general agricultural short course, bringing forty-five students from Mississquoi County for a ten day period, was a "high light" of the session.

Interest in student activities has been unusually keen and, in particular, the carrying out of an intensive but well balanced athletic programme under the direction of Mr. Frank Sharpe, and with the generous financial assistance of Mr. Walter M. Stewart, deserves special mention. Particularly worthy of notice, has been the record of the newly formed Staff-Student Rifle Club. Student affairs in general have been prosecuted with industry, ability, and tact, and the student body as a whole has shown a capacity for self-government that reflects great credit on itself and upon its elected officers.

Changes must come to all institutions and every year brings its entering freshmen and its departing graduates, but this year will be especially notable through the retirement, at the end of the present session, of four old and valued members of the administrative and teaching staff. The term of office of Dr. J. F. Snell, Professor of Chemistry, has been co-existent with the life of the College. During this time he has won the respect and affection of generations of students, and the warm admiration of all who knew him for his ability, his fairness, his modesty, his sound judgment, his transparent honesty, his sunny disposition, and for the many qualities of heart and mind for which he is distinguished. He was for a number of years assistant editor of the Journal of Agriculture. He represented the faculty on the Corporation and later on the newly organized Senate. He was frequently Acting Dean and has been in demand whenever working committees were being formed.

Coming to Macdonald College only a few months later than Dr. Snell, Mr. W. J. Wright, first in the capacity of Principal's Secretary, and later as Registrar, has had the unique experience of meeting personally every student of all three schools ever since the inception of the College. It is safe to say that few alumni or alumnae ever revisit these halls without seeking out Mr. Wright, for his interest in the students was as keen and genuine as in the duties of his office, to which he gave unremitting attention.

Dr. J. B. McCarthy has been connected with the staff since 1920 as Assistant Professor of Chemistry. Few students in the degree classes of Agriculture and Household Science will soon forget the studied preparation and meticulous care that he brought to his teaching duties, nor the patience and interest that he displayed in all his dealings with his students. Members of the staff will remember him as an able and loyal colleague, ever ready to do his share in any common enterprise.

Finally, Miss Mima Russell, Superintendent of Residences, has, for fifteen years, been a friend and counsellor of all the women students who came under her charge, and her activities have been an important factor in the life of the College. Her place will be a particularly difficult one to fill.

While it would be hard to think of four more different personalities than these four who now sever their official connection with our College, it would be equally difficult to find in any institution a group who could equal or excel them in fidelity, loyalty, and disinterested service. If Macdonald can look forward in the future to having equally capable and devoted servants, she cannot fail to realize the purposes and ideals that inspired her founder. Students and staff desire for them health and happiness for many years to come.

W. H. BRITAIN,

Vice-Principal.

We Respectfully Dedicate these two pages to the Retiring Members of the Staff, as a Mark of the Honour and Esteem held for them by all Past and Present Members of the Student Body of this College.

Their Worth and Success in the Past will be ample cause for their Happiness in the Future.

DR. JOSEPH BAKER MCCARTHY

Joseph Baker McCarthy was born at Shelburne Nova Scotia, August 5th, 1869. He attended common schools and Shelburne Academy. Taught in the rural schools of Digby Co., N.S. for about five years. Matriculated at King's College, Windsor, in 1893; obtaining both B.A. and B.Sc. degrees. Post-graduate work in Chemistry at Harvard, D.Sc., in 1921. Science Master at Halifax High School 1900-1907. Professor of Chemistry, King's College, 1907-1919. Assistant Professor of Chemistry, Macdonald College, 1919-1936. In the summer of 1913, sent by the Department of Marine and Fisheries, Ottawa, to explore the possibilities of a fishery industry in the Hudson Bay. Commissariat officer, Halifax Relief Commission, during the summer of 1918. On July 15th, 1905, married Frances Marguerite, daughter of the late commander Tinling, R.N. and Mrs. Tinling. Of four children, two survive—Norah Elizabeth (B.H.S., McGill, 1934), and Dorothy Frances.

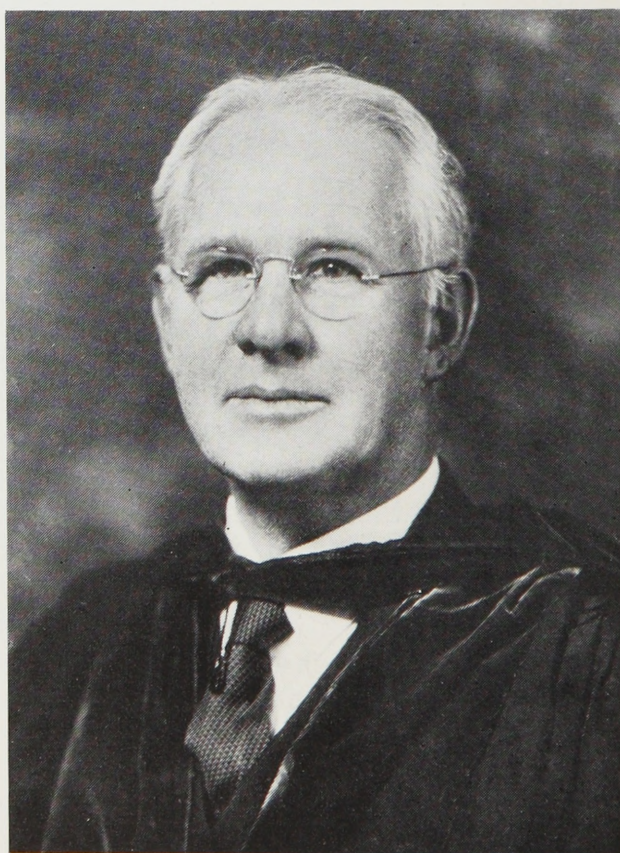

DR. JOHN FERGUSON SNELL

John Ferguson Snell, has had charge of the Chemistry Department of Macdonald College since the opening of the College in 1907; has been Representative Fellow of the Faculty of Agriculture upon the McGill Corporation and Senate since 1926. He acted as Dean of the Faculty from November, 1932 till the coming into office of Dean Brittain, in September, 1934.

Education was received in an ungraded country school, Brampton High School, and St. Catharines Collegiate Institute. Taught school in the country for two years; took B.A. degree at Toronto University, specializing in Chemistry and Mineralogy; Ph.D. at Cornell, 1898; and appointed Assistant in Wesleyan University, Middletown, Connecticut. Second and third years there were spent on human nutrition, conducted under the Office of Experiment Stations, United States Department of Agriculture. Lecturer in University of Cincinnati, 1901. In 1904, he married Evelyn Morphy, of London, Ontario.

Dr. Snell is a member of the Chemical Society, the Society of Chemical Industry, the Canadian Institute of Chemistry, the American Chemical Society, the American Association for the Advancement of Science, the Society of Sigma XI, and the Canadian Society of Technical Agriculturists.

His eldest son, John Morphy, a McGill B.Sc., and a Wisconsin Ph.D. in Chemistry, is in the employment of the Naugatuck Chemical Co., Naugatuck, Connecticut. His second son, Arthur Hawley, holds a Toronto B.A., a McGill Ph.D. and an 1851 Exhibition Scholarship from McGill, under which he is carrying on research in Physics in the University of California. His daughter, Mrs. John L. Davidson, Bridge of Allan, Scotland, is a Queen's B.A., and an Associate of the Ontario College of Art.

WILLIAM JAMES WRIGHT

William James Wright, Registrar of Macdonald College, due to retire on August 31st next, was born on February 16th, 1871, of Scottish parents who came to Canada in 1858. He attended school in Montreal, obtained employment in the law offices of Atwater, Cross and Mackie, and subsequently became private secretary to the Honourable A. W. Atwater, Provincial Treasurer in the Flynn Ministry, the last Conservative Administration in Quebec.

From 1899 to 1904, Mr. Wright worked in the Canadian Pacific Office in Hongkong. After five years of service in China, Mr. Wright returned home on holiday, but was prevented, by family obligations, from returning to his post in the East. He was invited to return to Quebec as Secretary to the Honourable W. A. Weir, at that time Minister of Public Works. During this term at Quebec, Mr. Wright witnessed the signature of his Minister to the agreement between the Government of Quebec and the Royal Institution for the Advancement of Learning which effected the transfer to Macdonald College of the McGill Normal School—the present School for Teachers.

The first students entered Macdonald College from the 5th to the 12th of November, 1907; Mr. Wright entered the College service on the 12th of December of the same year, as Principal's Secretary, and later became Registrar, having taken charge of registration immediately after the first session.

In 1908, Mr. Wright married Caroline Renwick Morton, a Graduate Nurse of the Montreal Hospital and a Registered Nurse. Mrs. Wright gave instruction in Home Nursing in the School of Household Science for a number of years.

MISS MIMA RUSSELL

Born at Arnprior, Ontario, of Scottish parents, Miss Mima Russell took her early schooling there, and later graduated from The Royal Victoria College, Montreal.

Soon after she took up hospital administration work in Brooklyn, N.Y. and a year later took a position in a large private hospital in New York. She had hardly become settled there when she received a call to Cleveland, Ohio, where she spent two more years engaged in similar work.

At the end of this time, due to the death of her sister, and the ill health of her father, she was forced to return home, where she remained for a number of years. She lived in Ottawa for awhile where her family had moved from Arnprior.

In 1917 she took the position of assistant superintendent of residences at Macdonald College under Miss R. Stewart. The following year she served as Assistant Health Inspector on the Dept. of Health, Saskatchewan.

In 1921 she accepted the position of Superintendent of Residences at Macdonald, and has held that position ever since.

Miss Russell, a staunch Presbyterian, took an active part in community life, and was for many years a member of the Victorian Order of Nurses in Ste. Annes.

She has been ever interested in people, especially new people, in travelling, and in seeing new sights.

No matter where Miss Russell goes she will meet friends who will welcome her, and who will remember her as an integral part of their life at Macdonald College.

We, the Editorial Board, present the 1936 edition of the Macdonald College Annual.

In it we have attempted to give a complete cross section of college life. If we have succeeded in presenting a book which will be treasured as a symbol of your college days, our efforts have not been in vain.

An Appreciation

WHAT better medium could we choose than through our Annual, to honour those gracious people who have done so much for the students during this past college year. We refer to Mr. and Mrs. Walter M. Stewart, who, through their generosity have helped in a large measure towards making this season a very successful one. Their very real interest in our doings, as well as their financial aid, has earned them our most sincere thanks and our highest respect.

In the first place, Mr. Stewart came to the aid of our struggling Rugby squad, by presenting them with complete new uniforms. Nor did he stop with this, but the Basketball and Hockey teams were newly outfitted. To climax this extreme thoughtfulness, Mr. Stewart forwarded to the Athletic Association a cheque for one thousand dollars, which is being used for special permanent features and to establish an emergency fund.

In the meantime, Mrs. Stewart has turned her attention towards assisting our hard-working Formal Dance and G. & G. Revue Committees, helping them with munificent donations. We have been indeed fortunate this year, and we feel that this is due in no small measure to these two generous contributors.

Being rather elusive personalities, it is difficult for us to give them our thanks face to face. We were, therefore, very glad to have Mrs. W. M. Stewart and Mr. Neil Stewart as guests of honour for our Founder's Day Banquet and program. We can only hope that in the future Mr. Walter Stewart will accompany Mrs. Stewart to our functions, and that we may thus have an opportunity to thank them personally for their interest and their contributions.

Until then, we must be content to render what thanks we may through the medium of our college publications, and trust that they may realize how much each student does appreciate their kindness. Let their action provide an additional incentive for us to keep the ideals and motto of our Alma Mater ever before us. So may we each do our humble best towards keeping the name of our college to the fore, and we think that Mr. and Mrs. Stewart will feel amply rewarded if we but remember this, and strive always to attain—
MASTERY FOR SERVICE.

STUDENTS' COUNCIL

Honorary President.....MISS B. M. PHILP
Honorary Vice-President.....DEAN W. H. BRITTAIN

*"By Time and Council do the best we can,
Th' event is never in the power of man."*

—HERRICK.

"BY Time and Council"! Thus do we approach the close of another college year. By Council, yes, but seeming always to strive against that elusive and indefinable abstract called "Time". The year was ushered in in a most auspicious manner, when Mr. A. E. Morgan was installed as Principal of the University. Closely following this, Principal Morgan paid his first official visit to Macdonald College. His pleasing manner, forceful character, and ready insight into the problems peculiar to a residential college, left an impression which is exceptionally in accord with the ideals of the University. After his first year of principalship, we feel that there is no more fitting time to express again the whole-hearted and continued loyalty of the student body of Macdonald College.

With services of fitting solemnity, the death of our gracious sovereign, the late King George V, was mourned. We join with the empire in expressing our loyalty to His Majesty, King Edward VIII.

Visitations of University students of Canada and the United States, are a recognized means of establishing instructive and pleasant relations between the two countries. Until this year, nothing of this sort has been attempted at Macdonald. Last fall, however, a representation from Macdonald visited St. Lawrence University, Canton, New York, and later received a return visit from students of that university. We trust that this practice will be carried on in the future, and that a more complete understanding between students of the two nations be the result.

The new Hand Book has been an innovation, convenient and acceptable to every student. Thanks are due to the President of the Council of '34-'35 for his excellent work in preparing this useful booklet.

We feel that interest in the activities of this college year have increased an appreciable degree. As a result of the generosity of Mr. Walter M. Stewart, and the added interest in the field of sport by members of the staff, Athletics have, this year, established a pre-eminence.

No new activities have been inaugurated, but those already established have carried on throughout the year. The first two Formals were outstandingly successful, and there is every reason to believe that the third and last will be of the same excellent nature, that tradition now demands. The Literary and Debating Society, although hampered in its early productions by renovation of the Assembly Hall, has presented the interesting and educational program which is such a vital necessity in our residential life. Under its supervision, the Play Reading Club, Players' Club, and Debating Union have carried out a very successful season. The Sceneshifters' and Craftsmen's Guilds have maintained their usual standard of efficiency in the work which is so important for the successful operation of many of our activities.

Our affiliation with the N.F.C.U.S. has been continued. Under its sponsorship, a joint debating team from the Universities of British Columbia and Saskatchewan was entertained. The publication of the Falt-Ye Times, and the Annual, have, this year, been under the supervision of very capable leaders. A marked improvement is noticeable in the former publication.

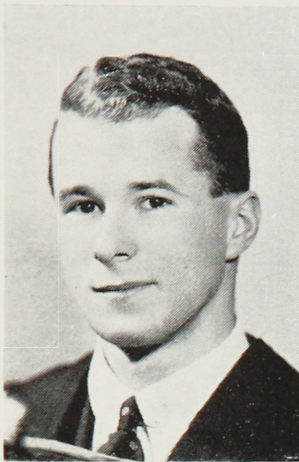

We should be lax indeed, were we not to mention the high degree of proficiency and sportsmanship displayed by our college dance orchestra throughout the year. The fact that they have given up their dancing so that we might be provided with the best regular dance music we have ever had, is fully appreciated.

The students' governing body — the Council — reports a very successful year. This council is designed to represent the students in maintaining the necessary stability and continuity in all their affairs. May we extend a wish of sincere good will to all 1936 graduates of Macdonald College, and to the incoming Students' Council of 1936-37.

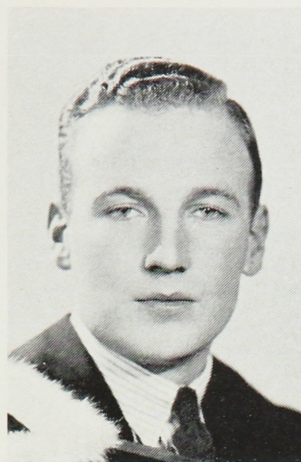

Agriculture

**BANCROFT,
CHARLES PÉRCY**

"Misce stultitiam consilis
brevem."

Born September 11th, 1910, in Montreal. Educated Hudson Heights, Macdonald High School and High School of Montreal. Appeared again at Macdonald in 1933 to study Horticulture. Favourite sports: Tennis and skiing. Hobbies: Photography and travelling. Pet aversion: Pessimists. Option: Horticulture. Favourite expression: "Oh, is that so?"

**CAHUSAC,
THOMAS GEOFFREY
(TONY)**

"Aliud vinum aliud ebrietas."

Born Berkshire, Eng. Educated (?) Bradfield College. Gave Mac a break in '31. Activities: Soccer 1931-35. McGill Senior Soccer 1934-35. Barton Cup 1931. House Committee 1931; Treasurer 1935. Tennis championship 1935. Pet aversion: Women from Quebec City. Option: Horticulture-Economics. Hobby: Economy of energy. Favourite expression: "Seen Charlie anywhere?"

**CROSS,
CARSON EARL**

"It is not good that
man should be alone."

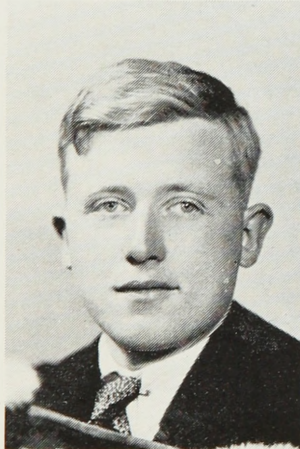

Born July 13th, 1912, at Cascades, Que. Educated there and at Lisgar Collegiate, Ottawa, then to Macdonald. Activities: Class President, 1932-33. Dance Committee, 1933-35. President of Men's Residence Committee, member of Failt-Ye Board, and of Annual Board of 1935-36. Option: General Biology. Favourite sport: Skiing. Hobby: Reed-ing. Favourite expression: "You're d. right!"

**GLEN,
KATHLEEN MARGARET
(PEGGY)**

"Infinite riches in a
little room."

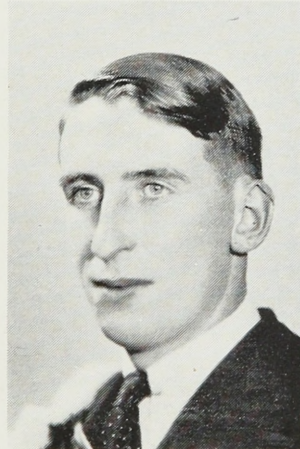

Born Ottawa, January 21st, 1916. Attended Ottawa Model School. Spent a year and a half in England, then back to Ottawa. Came to Macdonald in 1932. Took one year Household Science then changed to Agriculture, specializing in Bacteriology. Produced class plays. Vice-president class 3rd and 4th years. Hobby: Pastels. Pet aversion: Fussy people. Favourite expression: "I really couldn't say."

**HARDY,
MORTIMER WILLIAM
CECIL**

"All's well that ends well."

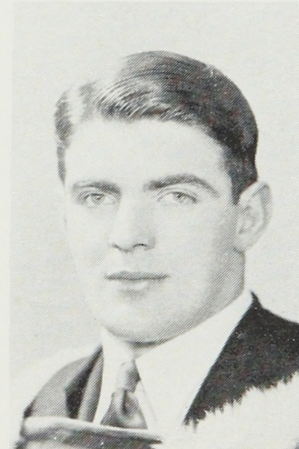

Born January 18th, 1914, at Finch, Ont. Educated at various Ontario public schools and matriculated at Macdonald High School. Entered Macdonald College in 1932 to Major in Ag. Eng.-Agronomy option. Member of the class tug-of-war and soccer teams. Hobby: Tinkering. Pet aversion: Getting it done. Favourite expression: "I've often wondered."

**HASLAM,
GERALD CREIGHTON**

"Fill'd the air with
barbarous dissonance."

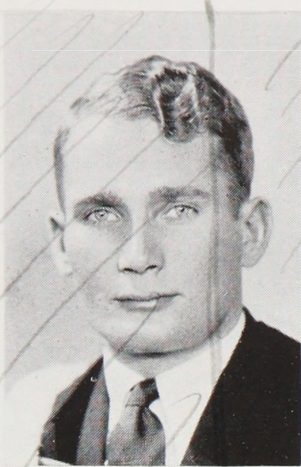

Born May 9th, 1913, at Liverpool, N.S. Educated Yarmouth Academy and Rothesay Collegiate. Spent short time at Dalhousie University, then to Macdonald. Activities: College Orchestra, 1932-36. Failt-Ye staff, 1934-36. Basketball Manager and Dance Committee 1934-35. Assistant manager rugby. Treasurer of Men's Athletic 1935-36. Hobby: Saxophones. Option: Chemistry. Favourite expression: "Got any smokes?"

**HILTON,
ROBERT JAMES**

"...and some have greatness
thrust upon them."

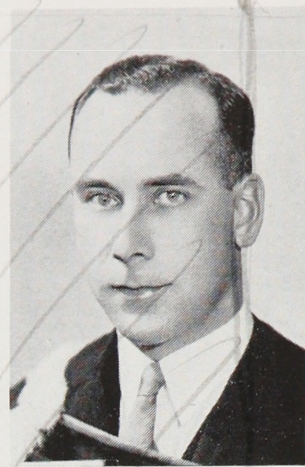

Born December 26th, 1912, at Carleton, Nova Scotia. Educated in the local red school-house. Graduated from N.S.A.C., Truro. Came to Mac fall of '34. Rugby Team 1934-35. Editor Failt-Ye Times '35. President Students' Council 1935-36. Class President 1934-36. Hobby: Interviewing the Faculty. Pet aversion: Being interviewed by the Faculty. Option: Horticulture-Botany. Favourite expression: "Gee, she's a swell kid!"

**HORSNALL,
HUBERT EDGAR**

"Life's a jest
and all things show it."

Born February 19th, 1913, at Keswick, England. Primary knowledge at King Edward VII's, Nuneaton, Canada 1929. Editor Falt-Ye 1934. Class President 1933. Students' Council 1933. Treasurer Lit. & Deb. 1935. McGill Soccer 1933-35. Mac Soccer 1932-35. Basketball Manager 1933-35. Pet aversion: Tall women. Hobby: Vice and advice. Option: General Biology. Favourite expression: (Censored).

**McEVOY,
EDWARD THOMAS**

"The wise man is his own
best assistant."

Born December 15th, 1902, at Ottawa. Attended Public School in Ontario, High School St. Francis Xavier Academy, N.S. Two years Arts at Queen's. Gravitated to Mac. President Reading Room Committee 1934-35; Secretary 1935-36. Hobby: Observations in bilateral symmetry. Option: Plant Pathology. Favourite expression: "What are you up to now?"

**MILES,
HENRY JAMES**

"Look on my works,
ye mighty, and despair."

Born October 5th, 1908, at Montreal. Matriculated from Lachute High School. Extension courses Columbia and N.Y.U. Vice-president House Committee 1934-35. Sports editor 1935. Rink manager 1935-36. Soccer, hockey and wrestling. Pet aversion: Taking dirt. Hobby: Arguing with Monks. Favourite expression: "It's the Martel in me."

**SMYTHE,
DONALD MONTAGUE**

"Natura nihil agit frustra."

Donny occurred on October 26th, 1914 at Montreal. Later moved to Ste. Annes. Matriculated from Macdonald High School to enter "Mac" in the fall of '32. Been there ever since. Played Canadian Rugby, 1932-35. Captain 1934. Basketball (senior team), 1932-35. Hockeyist and member of the Annual Board. Option: Animal Husbandry. Hobby: Animals. Pet aversion: Husbandry. Favourite expression: "You buzzard!"

**SNILNER,
EDWARD MICHAEL**

"Nor trip neither, you base
football player."

Born at Shawinigan Falls, January 13th, 1914. Matriculated there and Mac welcomed him in '32. Indispensable member of Rugby Team 1932-35. Basketball, 1932. Hockey 1933-35. Secretary and president of Men's Athletic 1934-35. Boxing and wrestling manager and wrestling coach 1934-35. Hobby: Minister's daughters. Pet aversion: Deacons' sons. Option: Animal Husbandry. Favourite expression: "Well, boys!"

**WALSH,
ALEXANDER BRADFORD
McBAIN**

"Let us then be up and
doing."

Born 1905 at Rainy River, Ont. Attended Granby High School and Sta.stead. Nine years in business. Married 1930. Class secretary-treasurer. Secretary-treasurer Students' Council; director College Orchestra; N.F.C.U.S. Representative: Tennis and Dance Committees. Pet aversion: Sour notes. Hobbies: Music, gardening, efficiency. Option: Plant Pathology. Favourite expression: "Oh, for Pete's sake!"

DIPLOMA '36

*Spring is a backer-outer.
Poets like Spring—Dips don't.*

DIPS don't, because, with the advent of Spring, the Senior Diploma Class take their leave of Mac for the last time.

In the social life of the college, in the Green and Gold Revue, in plays, and debates we have always been prominent, winning the Diploma Inter-class Debate two years in succession. Two very enjoyable Tea Dances were sponsored by us, under the able leadership of George Crawley, who also produced both class plays.

We have many pleasant recollections of glorious "benders," and every class success was "suitably shelebrated, and how!"

Steve Morson, President '34-36, is returning this summer to Brome Lake Duck Farm at Knowlton, where he hopes to become a "Quack Doctor".

Favourite expression: "Damn right".

Bill Nash, Vice-President '34-36, is going down to Hawaii to raise pineapples.

Favourite expression: (Hasn't been said yet.)

Jimmy Houston, Athletic Manager '34-36, is intending to work on the College Stock Farm, or act as manager on a Quebec farm.

Favourite expression: "Where the hell's Pee Wee, I'm going home?"

Allan Houston, says if you can tell him where he's going this summer he will give you a dollar and a quarter!

Favourite expression: "Where the hell's Jim, I'm going home?"

George Crawley, is going to raise a pure bred dairy herd somewhere in Canada.

Favourite expression: "Where's my wife?"

Jack Griffin, Secretary '34-36, hopes to raise sheep in British Columbia.

Favourite expression: "Holy Joe".

Ian Stock, is going to raise piccaninnies in Tahiti. Before doing this, he is going home to celebrate his twenty first birthday.

Favourite expression: "God I'm thirsty".

"Hammy" Hamilton, is going to England this spring; returning in the fall, complete with moustache, to take a third year Dip.

Favourite expression: "Bring me some breakfast wife".

"Ace" Bailey, is returning to the noble town of Highwater to run his own farm.

Favourite expression: "Let's go to bed".

Bill Muir, is hoping to improve the apple situation in British Columbia.

Favourite expression: (The Editor is sorry, but this quite unprintable.)

Kenny Mills, hopes to increase Canada's cheese consumption by improving the manufacture of cheese.

Favourite expression: "Cheese I dunno!"

Guy Baillargeon, winner of the hearts of women with his singing and debating, has a postion with the Liquid Carbonic Canadian Corporation Limited. He will also run his own orchard in Rougemont.

Favourite expression: "Toreador" (He sings it).

George Minter, (famous skier), is returning next fall to take the degree course.

Favourite expression: (Unprintable.)

Glynn Adams, is going to Ottawa to show them how to run greenhouses.

Favourite expression: "Oh bother!"

John Bradley, returning to Mac in the fall to take a special course in Poultry.

Favourite expression: "I simply can't do it".

Donald Fraser, is going to drink milk in bonny Dundee.

Favourite expression: "Shoot Mother, I can't dance".

Edgar Hooker, is going back to his farm at Lachute where he hopes to make both ends meat.

Favourite expression: "Hi-ya boys, got any more Cornish pudding?"

Hardy, (Nobody seems to know his first name), is going to the back of beyond, somewhere in the wilds of Quebec.

Favourite expression: "I dunno".

Eric Angell, is going to increase or decrease his father's business.

Favourite expression: "I'm no angel".

As for us, we bid "Au Revoir" to Mac, with our future considerably brighter than it was two years ago, when we first arrived,—and so, never again will the rafters of the dining hall echo with that well known cry:—

"Without us men, you're worth nix—
We're Diploma '36—
Zoom! Zoom!! Zoom!!!
Zoom! Zoom!! Zoom!!!
Zoom!!!"

Household Science

MISS B. M. PHILP
Director, School of Household Science

**BAXTER,
DOROTHY HELEN (DO)**

"I chatter, chatter as I flow
To join the brimming river."
Do was born September 16th,
1913, in Calgary, Alberta.
Received her early education
at Western Canada High, in
Edmonton. Came to Mac in
1932. Was on the House
Committee 1933 and member
of Students' Council 1934.
Favourite pastime: Knitting.
Pet aversion: Studying. Ambition:
Toronto. Favourite expression:
"Speak louder, I can't hear you."

**CAMPBELL,
EMILY ELIZABETH**

"Here in her hair
The painter plays the spider
and hath woven
A golden mesh to entrap
the hearts of men."
Libby entered this world at
Windsor, Ont., toiled through
Ottawa Ladies' College,
Glebe Collegiate and Branksome
Hall, finally entering
Mac in 1932. Activities:
President of class in 1932-33
and 1935. Favourite pastime:
Operations. Ambition: Bigger
and better week-ends.
Favourite saying: "Hi-ya
Keeds!"

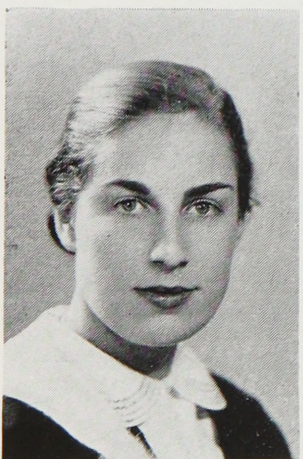

**CHAMPOUX,
JEANNINE MARIETTE**

"Il faut semer pour recolter."
Born on February 10th, 1914,
in Montreal. Moved to Campbellton,
N.B., shortly after. Started her
education in Montreal Convents
and then went to Campbellton
High School. Mac in 1932.
Activities: Dramatics 1932-34.
Class president 1934-35. Pet
aversion: Being late. Hobby:
Collecting recipes. Ambition:
To have someone do her
mending. Pet expression:
"What cute!"

**FRANKLIN,
ANNE MARTHA**

"The gentle mind, by gentle
deeds is known."
Born December 13th, 1914, at
Riceville, Ont. Educated at
Maxville High and came to
Mac in 1933. Activities:
House Committee representative
1933-34. Hobby: Teacup
reading. Pet aversion: Making
up her mind. Ambition:
To watch the sunrise. Pet
expression: "I'm not late,
am I?"

**HANSON,
MARY HOPE**

"They doubt and sigh
And do not love at all. Of
these am I."
Hope was born in Fredericton,
N.B., October 27th,
1914. Educated at Fredericton
High School, two years at the
University of New Brunswick.
Came to Mac in 1933.
Favourite pastime: Being on
time. Pet aversion: Physics.
Ambition: To enter a letter-
writing competition. Favourite
saying: "I could just
bust."

**HARQUAIL,
MARY ROBERTINE
(ROBBIE)**

"Ah, why should life all
labour be."
Born June 29th, 1913, at
Campbellton, N.B. Educated
at University of New Brunswick.
Came to Mac in 1933.
Activities: House Committee
representative, 1933. House
Committee president 1935-36.
Hobby: Counting the days
before she goes home. Pet
aversion: Studying. Ambition:
To be serious in the receiving
line. Pet expression: "Holy
Yumpin' Yosephat! I'm crack-
ing for a smoke!"

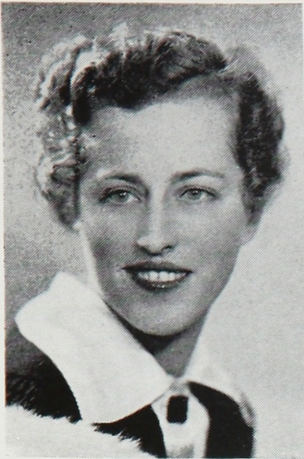

**KEAN,
MARGARET MARY**

"To hide her cares, her only
art,
Her pleasure, pleasures to
impart."
Came into the world June
4th, 1913, at Mont-Joli,
Quebec. Educated at Con-
vent then to Moncton High
School. Entered Mac as a
sophomore. Activities: House-
hold Economics representative
1934-35. Class secretary
1935-36. House Committee
treasurer 1935. Hobby: Letter
writing. Ambition: To catch a
fish. Pet expression: "Glory
be! Did I sleep?"

**MAHOOD,
MILDRED LUCILLE**

"A girl's best friend
is her mother."
Midge was born in Kingston,
June 13th, 1913. Attended
Kingston Collegiate and
Branksome Hall, Toronto.
After three years at Queen's,
she came to Mac. Was on
the House Committee 1934-
35. Favourite pastime: Going
to Kingston. Pet aversion:
Coming back. Ambition: To
play tennis. Favourite saying:
"Are you having a strange
interlude?"

**MARK,
ALMA**

"Oh how hard it is to find
The one just suited to our
mind"

Born May 12th, 1912, Peterborough, Ont. Educated Peterborough Collegiate Institute and Vocational School, Business College. Class secretary 1932-33, 33-34, 34-35. Secretary of Athletic Association 1935-36. Vice-president of Students' Council 1935-36. Hobbies: Skiing and eating. Pet aversion: Mice in the waste basket. Ambition: To be another Schiparelli. Pet expression: "Aw! Gee!"

**MUIRHEAD,
ELINOR GRACE**

"Meeting, what must be
Is half commanding it."

Born July 26th, 1912, in Victoria, B.C. Educated St. Margaret's, Victoria College and University of Washington. Came to Macdonald in 1933. House Committee representative 1935. Ambition: To go out west. Pet aversion: "Okey Dokey." Hobbies: Knitting and skating. Favourite expression: "Isn't that marvellous?"

**RODGER,
EILEEN ELIZABETH**

"I find myself disposed to
sleep."

Eileen was born March 5th, 1915, at Montreal. Educated at Westmount High, McGill for one year and then entered Macdonald College in 1933. Ambition: To get that 6.04 train. Pet aversion: A piece of poultry. Hobbies: Wise-cracking and harmonizing "Old Faithful" with Edna. Favourite expression: "So what?"

**SCHECTER,
EDNA**

"So much for idle wishing—
how
It steals the time! To business
now!"

Born April 15th, 1914, in Montreal. Educated at Baron Byng High School. Came to Mac in 1932. Activities: Reading room representative. Pet aversion: Patching uniforms. Hobbies: Wise-cracking and harmonizing "Old Faithful" with Eileen. Ambition: To be able to answer chemistry questions. Favourite expression: "The trouble with you is—."

**SKINNER,
ELIZABETH ANNE
(NANCY)**

"How came she by that
light?"

Born June 5th, 1914, at Montreal. Educated at Miss Edgar's and Miss Cramp's School, Montreal. Took one year at Queen's and came to Macdonald as a sophomore in 1933. Play producer 1934-35; 1935-36. Hobby: Counting calories. Pet aversion: Sunday night supper at college. Ambition: Travelling. Favourite expression: "How ghastly!"

**SLACK,
MARY HAMILTON**

"When time shall serve,
be thou not slack."

Born May 14th, 1914, at Waterloo, Quebec. Educated at Waterloo High School and King's Hall, Compton. Came to Mac in 1932. Activities: House Committee representative 1933-34. President of Reading Room Committee 1934-35. Pet aversion: White dinners. Ambition: Another 25 pounds. Favourite expression: "It worries me."

**WARD,
MARGARET JEAN**

" 'Tis strange how my head
runs on! 'Tis a puzzle to
understand."

Born September 19th, 1914, in Ste. Anne de Bellevue. Educated at Macdonald High. Entered Mac 1931. Activities: Green and Gold Revue 1934. Pet aversion: Hurrying. Hobby: Feeding the live stock. Ambition: To get to lectures on time. Favourite expression: "Aw, shucks!"

**GRANT,
MURIEL CONSTANCE**

"Bold, subtle, careless . . ."
Born in Ottawa, July 27th, 1915. Educated at Ottawa Ladies' College and Glebe Collegiate. Entered Macdonald in 1933. Noted as a raconteuse, and for those nails. Interests are literature and drama. Ambitions lean toward theatricals. Hopes some day to get "Punch" before Nancy does. Hobby: Reading hands. Pet aversion: Noise. Pet delight: Candle-light.

**MANN,
MARGARET RUTH**

"A man's reach should exceed his grasp
Or what's a Heaven for?"
Born September 7th, 1911, at Campbellford, Ont. Educated Strathcona Academy and Guy Drummond Schools. Came to Macdonald College 1931. Class Basketball 1932-33. Hobby: "La Cuisine." Pet aversion: Idle holidays. Favourite expression: "Scuse me all to pieces."

Institution Administration

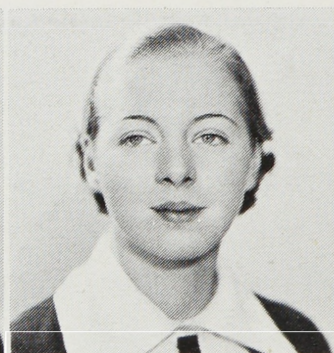

**FALLS,
JEAN BALSILLIE**

"To think she would succeed in her absurd attempt!"
Born October 12th, 1915, Clydebank, Scotland. Migrated to St. Johns, Quebec at the age of five. Educated at St. Johns High. Came to Mac 1934. House Committee two years. Pet aversion: Chiselling women. Hobby: Day-dreaming. Favourite expression: "Yumpin' Yiminy!"

**MacLEAN,
THELMA REBECCA**

"My brain is drowned now—quite drowned!"
Born in Somerville, Mass. on Dec. 3rd, 1907. Migrated to Canada in 1917. Early education received in New Brunswick. Graduated from the Provincial Normal School of Fredericton in 1927. Came to Mac 1934. Pet aversion: Short men. Favourite expression: "Oh, the Devil." Hobby: Breaking dietary rules.

**ROBERTS,
MARJORIE HOLT**

"You have waked me too soon—
Let me slumber again."
Born Feb. 9th, 1916 at Ottawa. Educated at Glebe Collegiate, then took a business course. Descended on Mac in 1934. Activities: Class Pres. '34-'35, '35-'36. House Committee Representative '34, Vice-Pres. '35-'36. Green and Gold Revue '35-'36. Hobby: Answering phone calls and sleeping. Pet aversion: Remarks about Ottawa. Favourite expression: "Try some soda."

**WATSON,
JEAN LILIAS**

"How one small head could carry all she knew?"
Born October 28, 1914 at Montreal. Educated at Montreal High School, Alfred Joyce, Guy Drummond and Strathcona Academy. Entered Macdonald in 1933 remained out a year and returned 1935. Pet aversion: Sups. Hobby: Being a little ray of sunshine. Ambition: To be a blues-singer. Favourite expression: "Oh I just slapped up this little number."

LITERARY AND DEBATING SOCIETY

President.....C. E. CHAPLIN
Treasurer..... H. HORSNAL

FOR the first time in the memory of the students, the Literary and Debating Society has been able to present an entertainment without the dogging fear that the value of it would be lost in the creaking of loose boards in the stage and the reverberations of sound around the bare walls of the hall. Our ever-generous benefactor, Mr. Walter M. Stewart, made this possible. The Assembly Hall has been renovated. The process was long, but the glorious effect of the redecorated interior, the new stage, and the new proscenium, made every minute of our wait more worth while.

(continued on page 70)

THE FAULT-YE TIMES

Editor.....K. B. MONKS
Business Manager.....E. C. BURNELL-JONES

THE greatest contribution to the success of the paper was made by a loyal staff of editors and sub-editors, who in turn were faithfully supported by dependable and willing reporters.

Special mention must be made of the part played by the stenographers. The Misses Robertson, Robb and Wilen gave many hours of their time, and their work cannot be too highly praised.

Dr. Bynoe's untiring efforts as staff representative were greatly appreciated. Various other members of the staff were kind enough to contribute a number of interesting editorials and articles.

The outstanding innovation this year was undoubtedly the column entitled "Current History." Mr. Lazarovitch's comprehensive summaries, and thought-provoking comments upon world events aroused an unprecedented interest in international affairs.

The retiring staff wishes the paper all success for the future. May it continue to keep a finger on the pulse of Macdonald College.

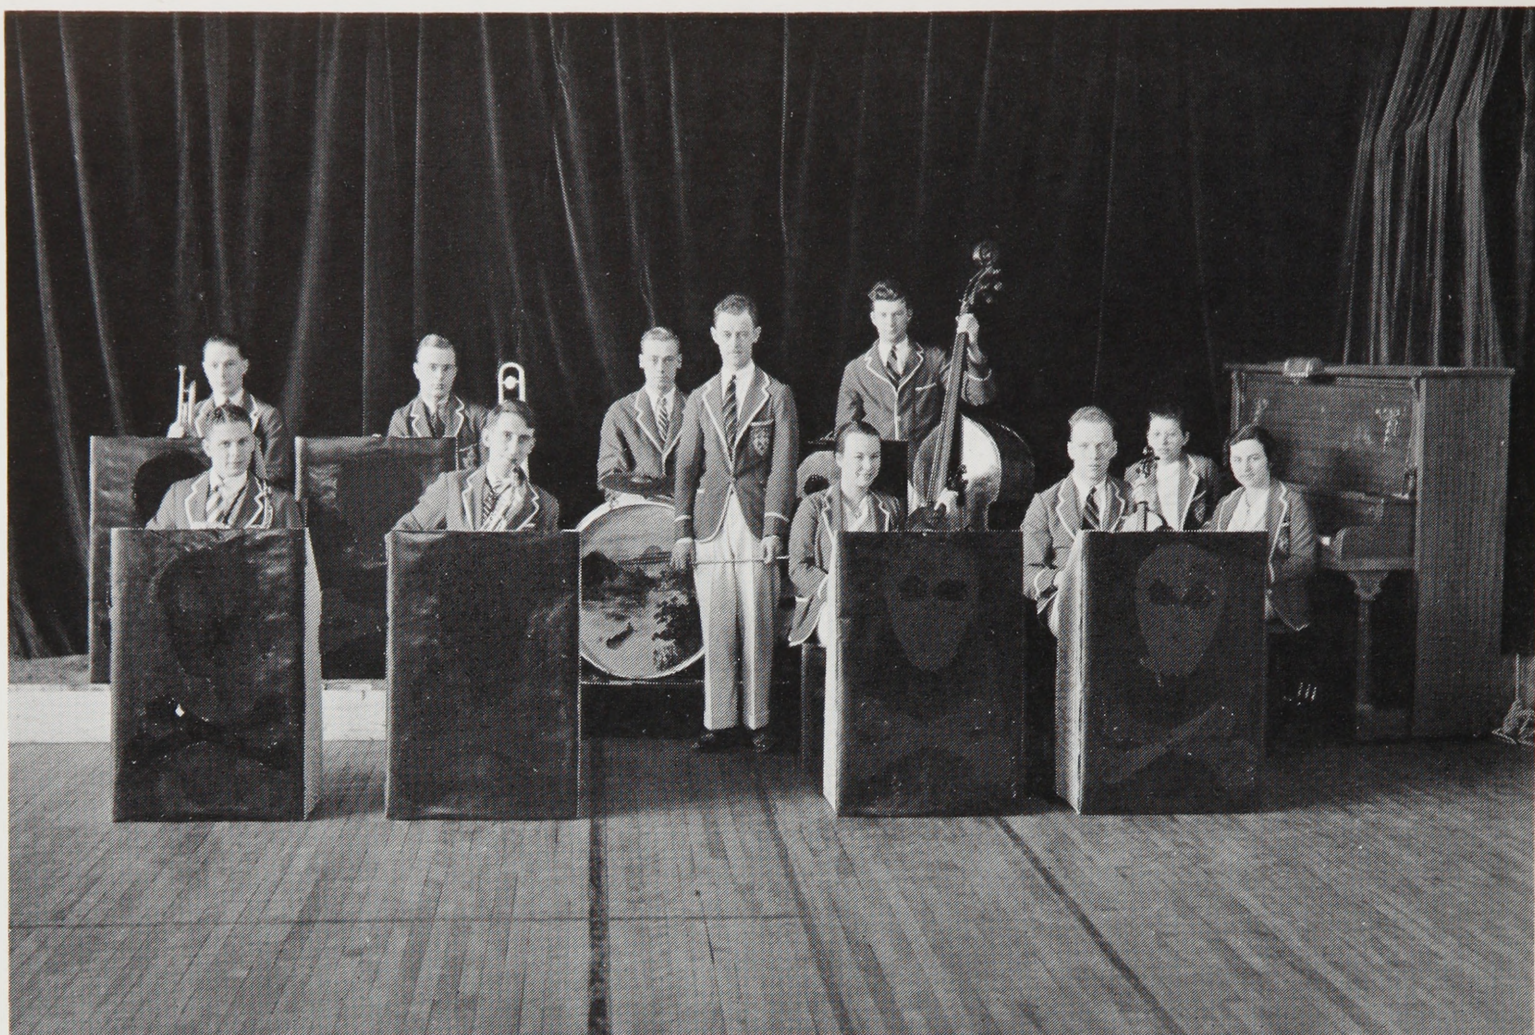

ANNUAL BOARD

COMPILING a College Annual is by no means a simple process. Throughout the year the board has been steadily gathering prospective material. With the Annual only in its fourth year of publication there is little upon which to rely for arrangement and financing.

A number of new features have been introduced this year. The Campus Life Section has been enlarged, and insert pages have been used for section headings at considerable expense.

It is not a light matter to have authority over the printed word in a sphere of so many varied activities. Realizing this, it is the hope of the Editors that no great sins of omission or commission, on their part, will stand between the reader and his appreciation of this, their work, as a pleasant and lasting record of one more year's achievement at Macdonald.

THE COLLEGE ORCHESTRA

Conductor.....A. B. WALSH

THE task of organizing the College Orchestra this year was greatly simplified by the fact that nine of last year's members returned to College.

The addition of a second trumpet and of a trombone made a well-balanced band, and permitted better arrangements and presentation of dance numbers. The library of music now contains over one hundred pieces, new numbers having been added continually throughout the year.

With one or two exceptions, every Saturday evening has seen the orchestra on hand to furnish up-to-date dance music. The orthophonic, once the only source of music for the dances, was found not to be in working order at the beginning of the year and was never repaired—striking proof of the confidence placed in the orchestra by the Dance Committee.

The orchestra was, once more, on hand to furnish music for the Green and Gold Revue, and for the fourth successive year played for the annual Macdonald High School dance in February.

THE GREEN AND GOLD REVUE

THE Green and Gold Revue reached, and perhaps even surpassed, the high standard of perfection set by previous years.

In former years it has been the custom to make one person responsible for the direction of the entire show. This year a new system was adopted. The Revue was directed by Carson Cross, the dances were in the hands of John Carlyle, the skits under Hamish Dunn, and the singing in the able hands of Robert Martin. The music, one of the highlights of the production, was almost entirely original, and for the most part composed by Mrs. F. Thatcher, (Née, Marg. Chubb).

As an innovation, drapes were used in place of the usual flats. Scenery was practically dispensed with, and effect derived almost entirely from lights. The effect was highly commendable, keeping the stage in a state of ever changing beauty and enchantment.

MEN'S ATHLETIC ASSOCIATION

President..... E. SNILNER

It can safely be said that the Men's Athletic Association has completed the most successful year in the athletic history of the college.

Through the generosity of Mr. Walter M. Stewart, the rugby, basketball, and hockey teams were completely outfitted. The players were neat in appearance, and were able to enter into the games with more spirit, and added prestige. The quality of the equipment is the best, and with proper care it should last three or four years. As a further incentive to our programme, our kindly benefactor donated one thousand dollars to the Athletic Association. This gift is to be known as the Walter M. Stewart Athletic Fund, and is to supplement the regular budget of the Athletic Association. The fund is to be administered by a special committee consisting of the Secretary of Macdonald College, Chairman of the Students' Staff Relationship Committee, three members from the Men's Athletic Association, and the Athletic Manager, ex-officio.

RUGBY

The Rugby Team was entered in the Quebec Intermediate Intercollegiate Rugby League. Despite the team's lack of experience, they made a very brave and determined stand against the more experienced teams.

TRACK

The annual Track Meet was held on October 17th. The weather and enthusiasm helped to make the meet a success. Stothart (Post Grad.) won the aggregate trophy with 26 points. M. Haslam (Freshman) took second, and Hebert (Junior) third. The class aggregate was won by the Freshmen.

Four new records were established:

- Shot Put (36 ft. 9 in.) set by Stothart (Post Grad.).
- Broad Jump (20 ft. 11 in.) set by Ayers (Post Grad.).
- Discuss Throw (100 ft. 7 in.) set by Stothart.
- Javelin Throw (115 ft. 1 in.) set by Snilner (Senior).

BOXING AND WRESTLING

Due to the large number of students who turned out for boxing and wrestling, Bert Light and Frank Saxon, McGill boxing and wrestling coaches, were engaged as instructors. The boxing class enjoyed the largest turn-out of any athletic unit at the college. Of the wrestling squad, seven men were finalists in the McGill Assault-at-Arms. Fransham (Teacher) won the Championship in the 155 lb. class.

HOCKEY

The Hockey Team, although not entered in a regular league, played several exhibition and Inter-faculty games. The boys proved themselves a formidable squad to all opponents, and had they a little more experience they could have won more games.

Due to the early spring thaws the Interclass Hockey Schedule remained incomplete. And so, once again, our thanks goes to "Bob" for his painstaking care of the rink.

SKI RACE

The annual Ski Race was held at Senneville Golf Club under the direction of Carson Cross. The cold wind did not dampen the spirits of the competitors, so that the race was closely contested. G. Minter was first, with A. Ramsay second and W. Muir third.

BASKETBALL

Only one basketball team was organized this year. This team was entered in the Montreal Basketball League, and showed itself as no mean antagonist. Several games were lost by only two or three baskets.

SOCCER

Once again Macdonald retained the Interfaculty Championship. Three players were chosen to play on the McGill Intercollegiate team.

The Interclass Soccer League was won by the Seniors, thus entitling them to hold the Boving Cup for one year.

GYM CLASS

The Gym Class under the able leadership of E. Jackson, deserves special commendation. The class was formed, and went through their practices on the initiative of the members themselves.

ATHLETIC NIGHT

The Athletic Night, a new innovation on the part of the Athletic Association, proved to be very successful. Under the direction of Frank Sharpe the various Athletic Activities demonstrated some phases of their work.

SWIMMING MEET

The annual Swimming Meet was held on March 17th. The individual aggregate went to Bailey, with Houghton and Webb tying for second place.

Frank Sharpe is to be especially congratulated for the efficient manner in which he coached the various teams at the College. The Association wish to thank him for his untiring assistance in carrying on, and extending, the athletic programme of the College.

In conclusion, the Association would like to thank the members of the staff who so kindly assisted at the various athletic meets.

WOMEN'S ATHLETIC ASSOCIATION

Honorary President.....MISS M. KINDLE
President.....BETTY BANNING

THE Women's Athletic Association is able, once more, to report a most successful year.

As in preceding years, basketball held first place among the various activities. A keen interest was evinced by the girls in the House League, formed to compete for the John L. Todd Basketball Trophy, and also in the college team, which gave us so many exciting moments as a result of its entry into the College and Grads Basketball League. Badminton, archery, swimming, tennis, and hockey, were close runners-up indeed, and in the next few years it is certain we shall see all the activities "breaking the tape" together.

TRACK AND FIELD

The girls certainly justified their invitation to take part in the boys' field day activities. Their sixty yard dash and relay race were the centre of an enthusiastic and excited gathering of spectators. There is a rumour that in the near future the fair sex of the college may have an autumn field day of their own. Only a rumour as yet, but——

TENNIS

Soon after the return to College of the Science students, the tennis tournament was held. Bernice McCartney, Mrs. Gray, Marjorie Bayne and Mary Matheson all reached the semi-finals, after a display of excellent tennis. Mrs. Gray gained the title of Ladies Singles Champion for 1935.

ARCHERY

More than half the feminine dwellers of this fair section of our Alma Mater turned 'Cupid' this fall. Five are indeed worthy of special note—true protectors of the Green and Gold—Maxine Shaver, Nancy Dunlop, Dorothy Robertson, Marjorie Bayne and Marjorie Mitchell, successfully withstood the strength of our cousins, the wearers of the Red and White.

SWIMMING

Hardly a girl in the college has failed to take advantage of the swimming pool which was open every night. Much credit must be given to our hard-working swimming manager, Shelagh Young. Her beginner's class was a great success—eighteen girls were taught to swim. Fifteen won their Bronze Life-Saving Medals, their willing instructors being Shelagh Young, Eunice Hellyer, and Phyllis Dick. These three girls, through this service won their Instructor's Medals. The great aquatic event of the year—the swimming meet—was a great success.

HOCKEY

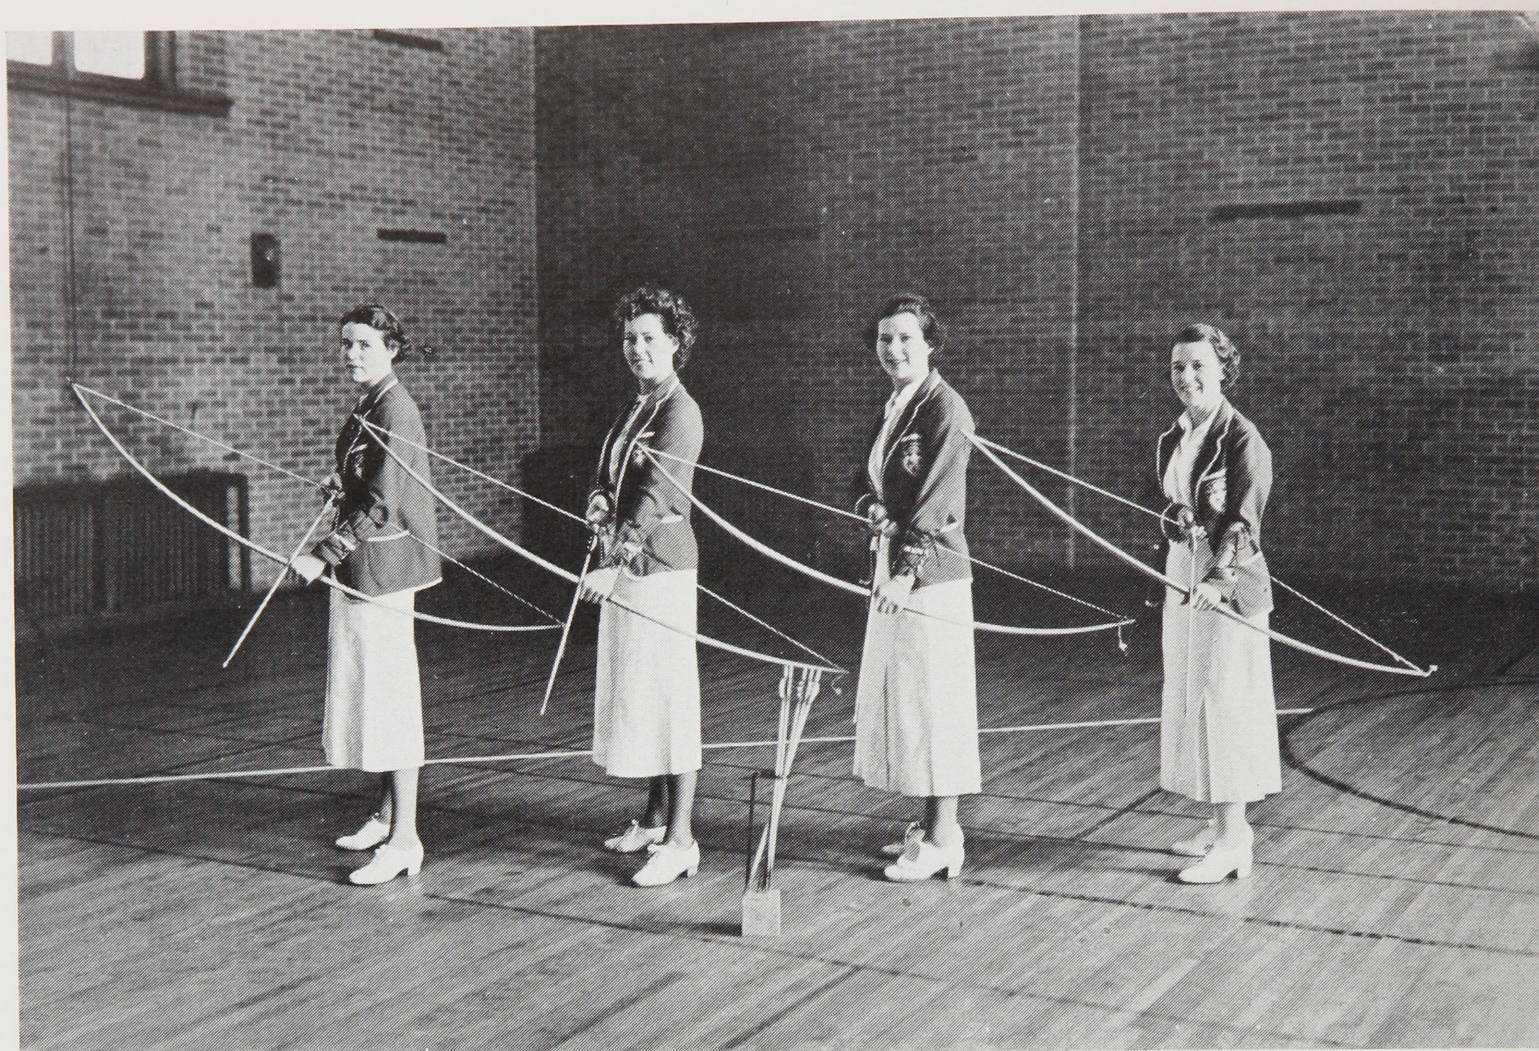

Hockey enthusiasts had an active year, but unfortunately their trip to Bishops—their chief ambition—had to be cancelled.

SKIING

Macdonald skiing popularity is on the upgrade. Nine entries were in this year's race as compared to four last year. Marg. Moyle was the winner, and Helen Neilson, runner-up.

In closing, we take this opportunity of thanking Miss Kindle for her untiring efforts on our behalf.

ARCHERY

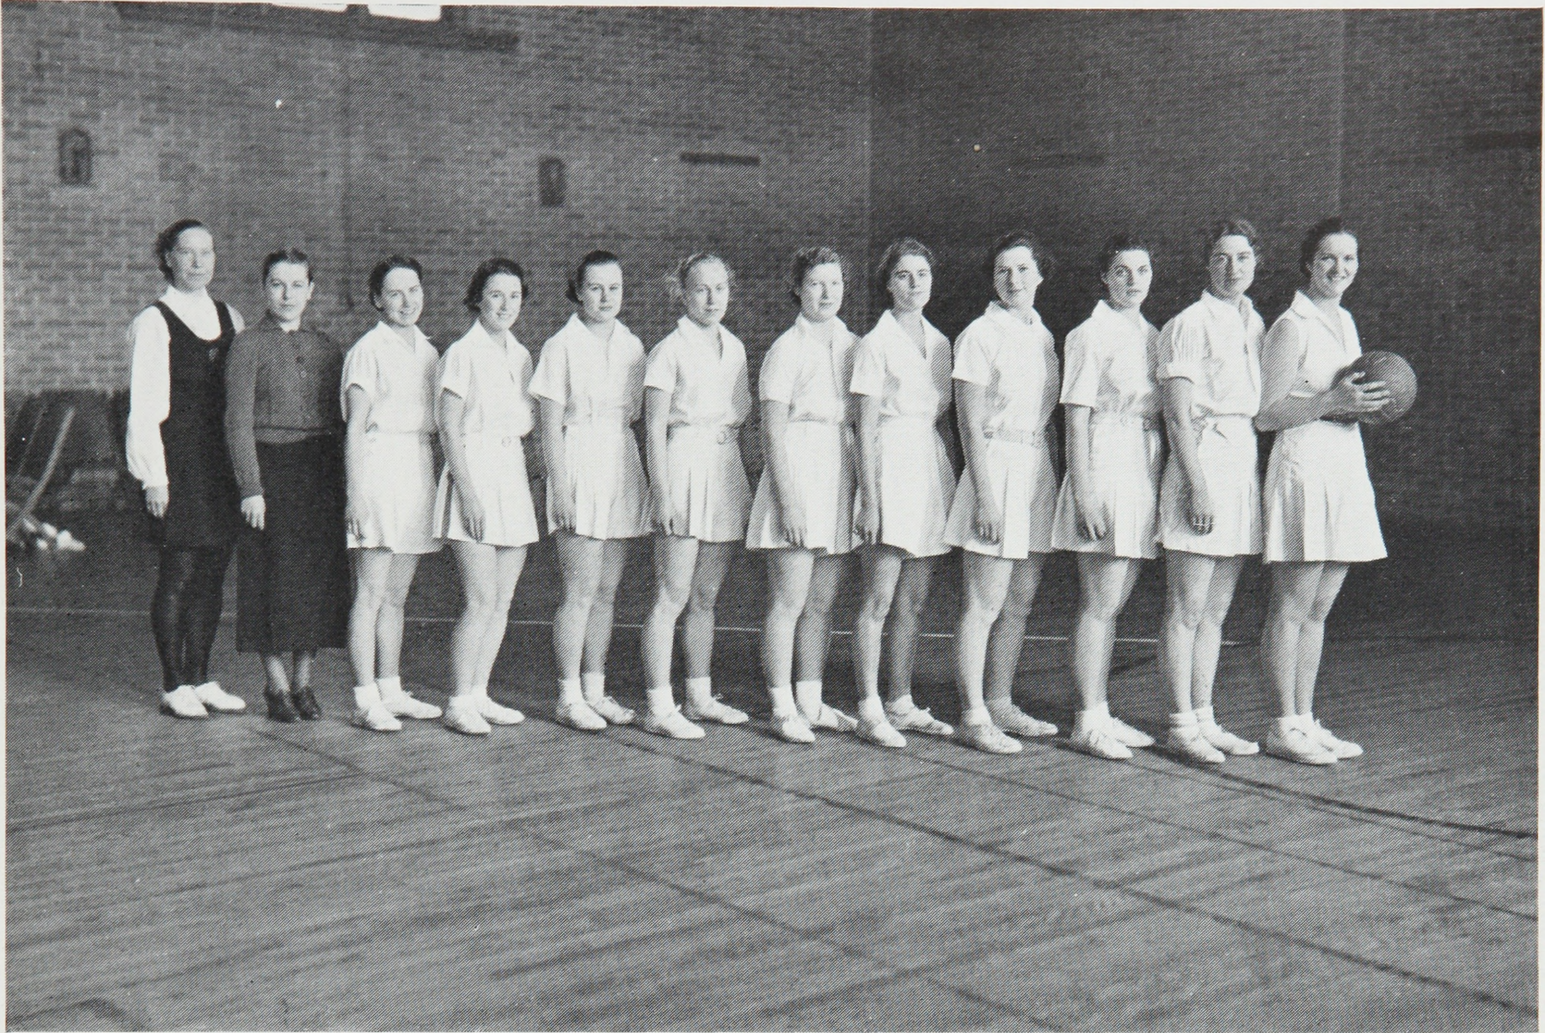

Coach.....MISS M. KINDLE

LAST autumn Archery was, for the first time, taken up at the College. A large number of girls took part, and by the end of the season some very fine marksmanship had been developed. The best progress was made by the Homemakers, who throughout the year were the most enthusiastic supporters.

Although the team was still lacking in experience, arrangements were made to compete with McGill on October 20th. The Macdonald team, made up of Dot. Robinson, Nancy Dunlop, Maxine Shaver, Marg. Mitchell and Marjorie Bayne, emerged victorious.

In a return match later in the season McGill took the honors. The total points for the matches were in Macdonald's favour.

The success of the sport was due in no small measure to the efforts of Miss Kindle, the Women's Athletic Coach, who did all in her power to aid and encourage all those interested. It is hoped that in the future, Archery will be a definite part of the Women's Athletic Programme.

WOMEN'S BASKETBALL

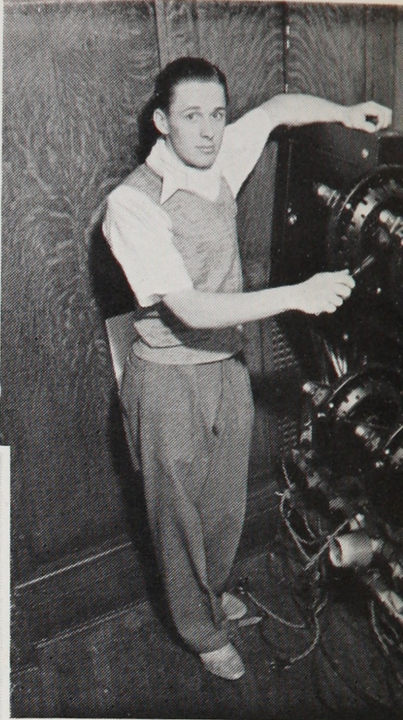

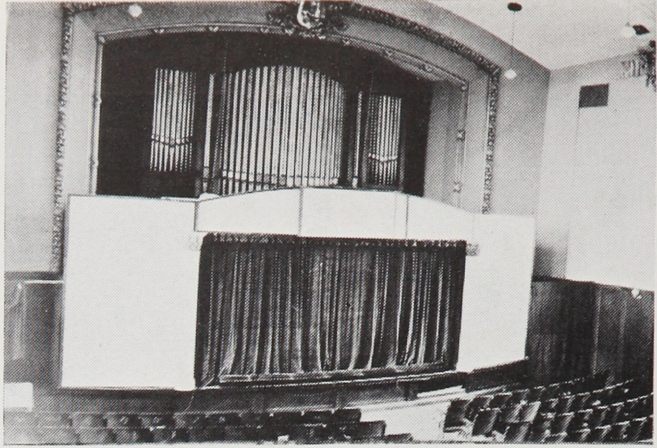

Captain.....F. E. GRAHAM
Coach..... MISS KINDLE
Manager..... B. WILKINS

THE basketball season can once more be viewed in retrospect. We are able to look back with satisfaction to the keen competition and fine sportsmanship shown in all games played. This was especially evident in the House League, which, after many hard struggles was won by the first year B.H.S., securing for them the John L. Todd Trophy.

A step in the right direction was made with Macdonald's entry in the College and Grads Basketball League, composed of two teams from Royal Victoria College, two teams from West Hill High Graduates, and one team from Montreal High Graduates.

To date all the games have not been played, but the Macdonald girls have been making a good showing. This is especially true since this is the first time in some years that Macdonald has entered a team in City competition.

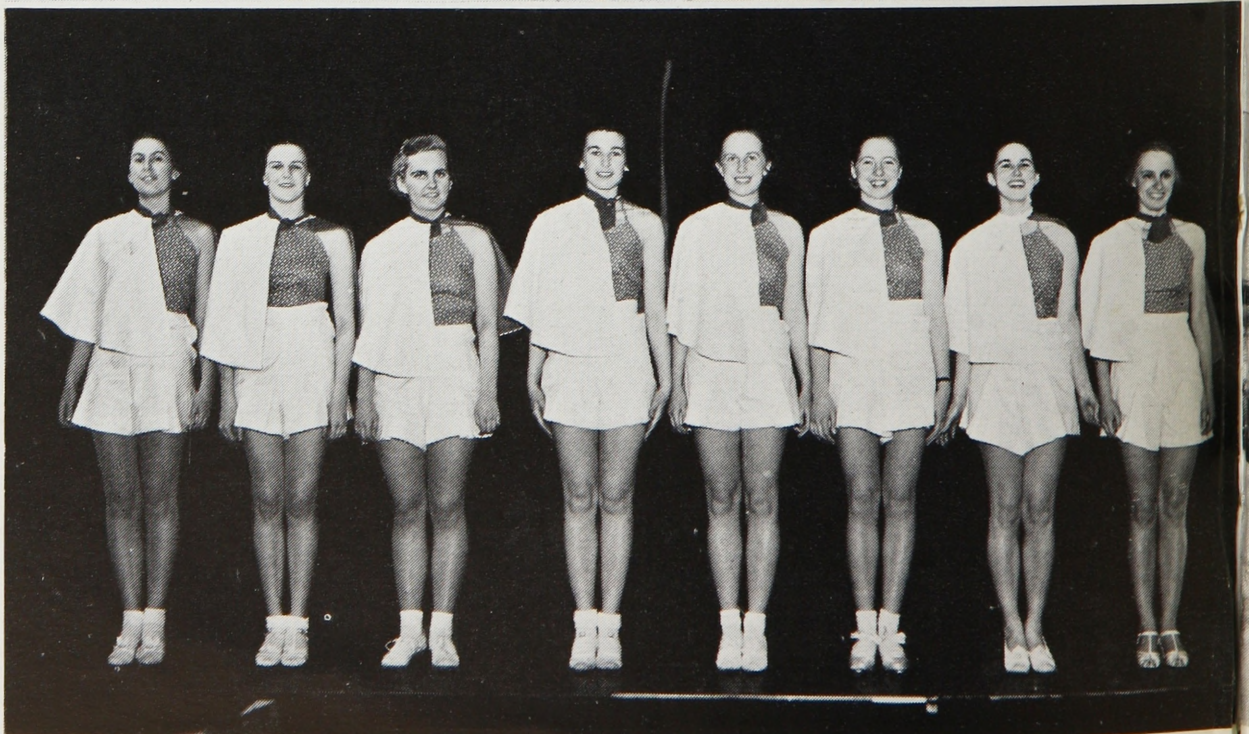

A great deal of credit for the success of the season goes to Miss Kindie, our new coach, who spent many hours with the team, and who by her efforts made the entrance into the City League possible.

RUGBY

Captain.....J. Y. CARLYLE
Coach.....F. L. SHARPE
Manager.....S. ANDERSON

THE opening day of the fall term saw the start of conditioning practices that set the team out in fine style for the forthcoming rugby football season. Coach Frank Sharpe is to be congratulated for selecting from a small student body such a rugged, aggressive group of willing-to-take-and-give-it rugby enthusiasts.

Our entrance into the Quebec Intermediate Inter-collegiate Rugby League proper was hindered by the ineligibility of many players of our squad; together with the fact that we were not certain of our strength in comparison with our experienced opponents. Thus, our entry in the league fixtures was really on a trial basis for exhibition games only. The team was soon recognized as one of the most formidable units in the league. With a large majority of the fellows returning next season we expect to have the best rugby squad that this college has put on the gridiron for several years.

(continued on page 68)

BASKETBALL

Captain..... J. STOTHART
Coach..... F. L. SHARPE
Manager..... H. HORSNALL

BASKETBALL, as an indoor sport is still occupying a prominent position at Macdonald. Failure of the newly formed Intermediate Inter-collegiate Basketball League, to establish itself as such, necessitated the reversion to the Montreal Basketball League. One team from the College was entered in Section C of the Intermediate Division. This involved the playing of ten league games. These, together with exhibition games, and home—and—home series for the Interfaculty Championship, rounded out a well balanced schedule.

(continued on page 68)

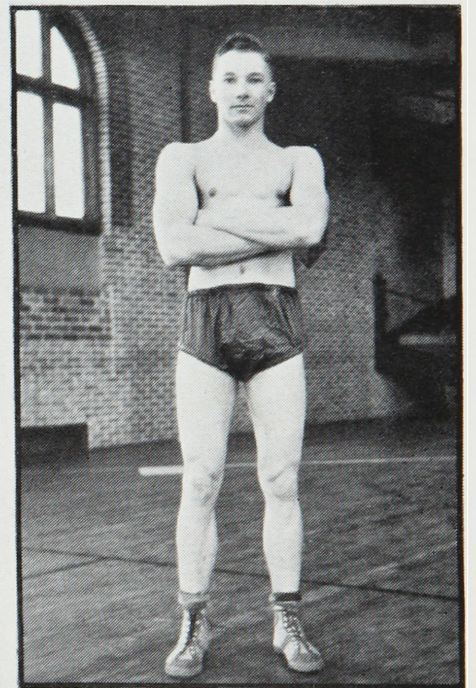

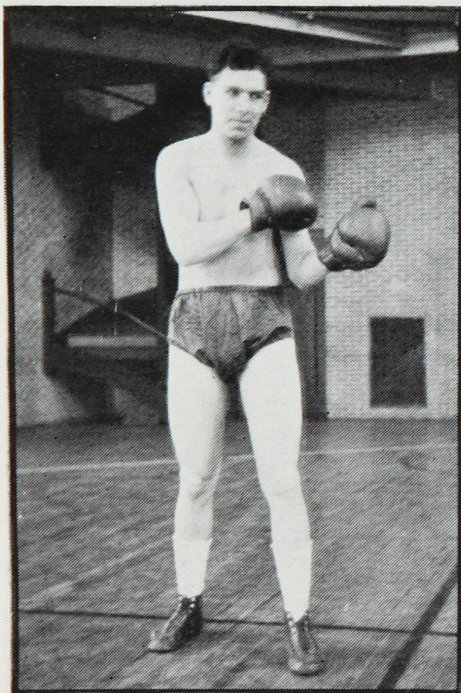

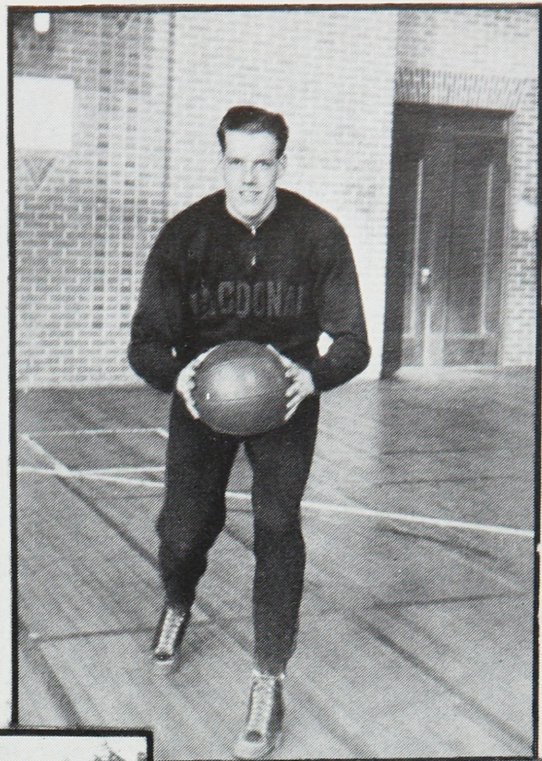

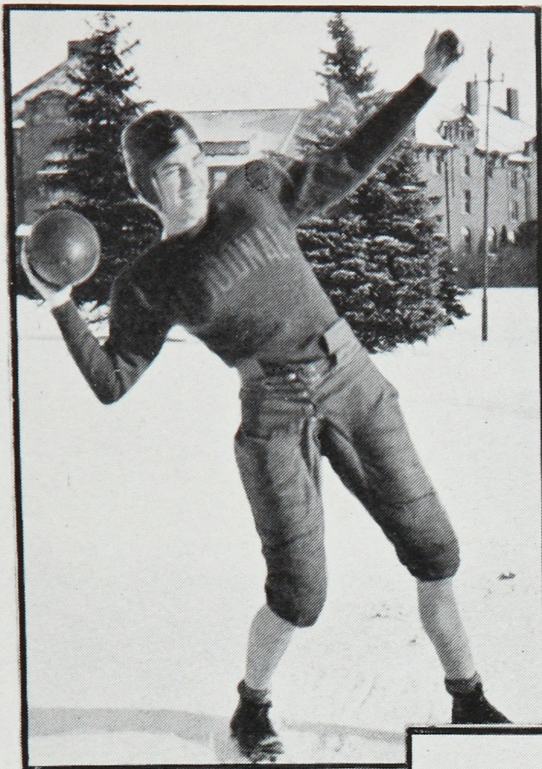

HOCKEY

Captain.....S. F. KNEELAND
Coach.....F. L. SHARPE
Manager..... S. ANDERSON

CONSISTENT with the policy of the Athletic Association to establish Macdonald in intercollegiate athletics, the hockey team has entered into competition with McGill, Loyola, the University of Montreal, and other universities. Of our three major teams, rugby, basketball and hockey, we feel that in hockey we have the best opportunity of developing consistently good teams. Our hockey players invariably have the fundamental background necessary for skilled development. With practice, coaching, and competition in the Intermediate Intercollegiate Hockey League, it is anticipated that the Macdonald Hockey Team will develop into one of our best team units.

(continued on page 68)

BOXING AND WRESTLING

Manager (Boxing).....D. S. MUSSETT
Manager (Wrestling).....H. T. WEBB

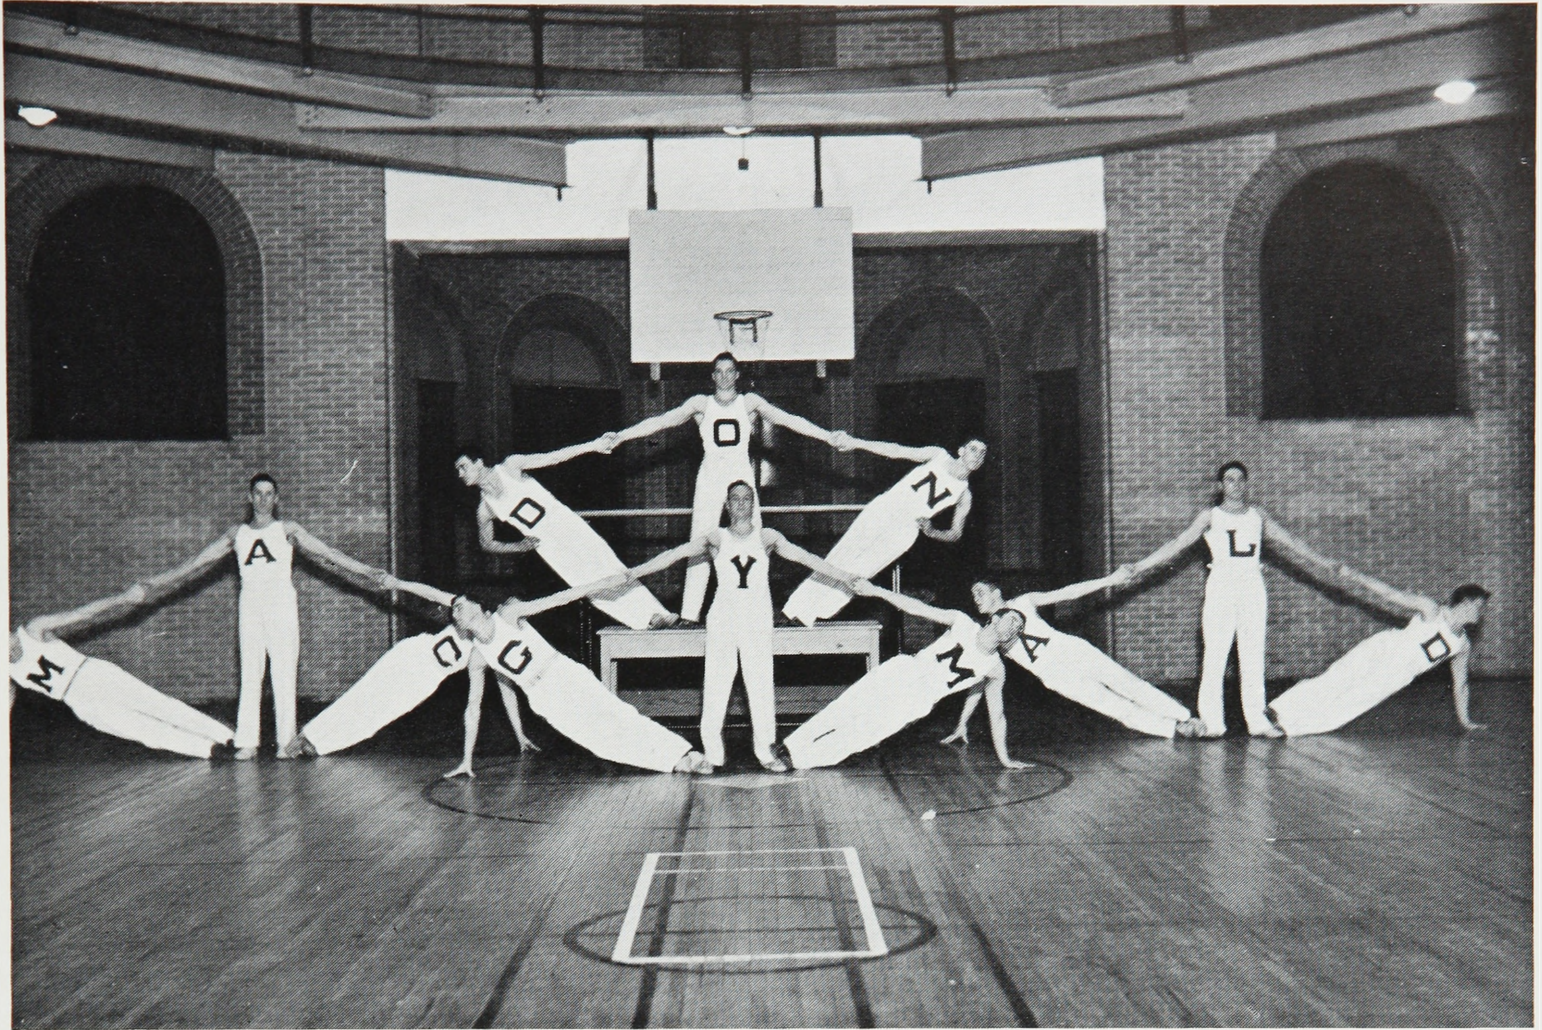

THE past season has been very successful for Boxing and Wrestling. The kind consideration of Mr. Walter Stewart has made expert coaching possible in both sports. Bert Light and Frank Saxon, the McGill boxing and wrestling coaches, were engaged.

The boxing squad has shown itself to have been the largest and most successful yet. It was well represented in the Interfaculty Assault-at-Arms, with three finalists in A. Houston, J. McCool, and D. McDonald. In the College Assault-at-Arms, there were twelve participating in the boxing, whilst an exhibition bout was given by Bert Light and D. McDonald.

The Bert Light Trophy, presented to the individual showing the most marked progress in boxing during the year, was won by D. McDonald, who reached the finals of the McGill Assault-at-Arms.

Of the wrestlers, Barre, Fransham, Webb and Ayre, represented the College in the Interfaculty finals at McGill. Fransham took the Championship of the 155 lb. class.

Frank Sharpe, the Athletic Manager, should be warmly thanked for the unflagging interest he has shown in making these sports a success.

THE GYM CLUB

Instructor..... E. JACKSON

THE Gym Club, after a number of years of delinquency has again made an appearance on the Campus. Started by E. Jackson, a Freshman, the club has carried on under its own initiative. With only two weeks of organization behind it, the Club, then consisting of eight men, put on a very successful display on Athletic Night.

Three weeks later a much improved squad, in new uniforms, and under the direction of E. Jackson and R. Bailey, staged a much appreciated display at the Assault-at-Arms.

As yet the Club is lacking in proper apparatus. It is hoped that next year it will be possible to rectify this, and so fully establish the Club among College activities.

This year's squad consisted of, Houghton, Fraser, Warr, Miller, Fransham, Bohemier, Taylor, Bailey, Barre, Glendall, Webb, Brigden, and Jackson.

THE DEBATING UNION

President..... I. P. LAZAROVITCH
Secretary..... R. MARTIN

SINCE the activities which come under the Literary and Debating Society are many and varied it has been found advisable to place a few of them under separate executives. The Debating Union is one of these units. Its object is to promote public speaking, and thereby to develop alertness of mind and the ability of self-expression. Its specific duties are to arrange debates with teams from other colleges, and societies, and to conduct the Ross Robertson Shield Competition, the Diploma Debate, and the Teachers-Science Debate.

The Seniors and Sophomores were successful in the first round of the Ross Robertson Interclass Debating Competition. The Sophomores, represented by R. Martin and L. Lyster, defeated the Seniors in the finals.

The major event of the year was the N.F.C.U.S. debate. The visitors, who were awarded the decision, were representatives of the University of British Columbia, and the University of Manitoba. A close struggle waged over the justifiableness of Canada's remaining in the League of Nations. The college was represented by Miss MacMillan and R. Martin.

The Senior Diploma Class, represented by G. Baillargeon and S. Morson, won the debate, and the Teachers-Science event is anxiously anticipated as this article goes to press.

MEN'S RESIDENCE COMMITTEE

President... C. E. CROSS
Vice-President..... D. A. ADAMSON
Treasurer..... T. G. CAHUSAC
Secretary..... G. S. STEWART

THIS year, even more than ever before, the Committee has found its task an easy one.

The residence has, perhaps, been better filled than it has been for some years. This was due in part to the large Diploma class, and also to the fact that there have been a great many more partial students than usual. But, even though there have been more students in residence the infringements seem to have been even fewer than in the past.

Due to the large number of Post Graduates in residence, it was decided to make an amendment to the constitution so as to include on the Committee a representative from them. It was felt that the Post Graduates should come under the jurisdiction of the Residence Committee, and consequently that they should have representation.

Thanks are due to Dr. A. J. G. Maw who was again Faculty Representative in the residence. Although it was not found necessary to overburden him with duties, it was most gratifying to know that he was always willing to aid and to advise should difficulties arise.

PLAYERS' CLUB

President.....J. A. DUNN

DURING the past year the activities of the Players' Club have been sadly curtailed, owing to the delay in building a new proscenium. It was not until Christmas that the Club was able to contribute to the entertainment provided by the Literary and Debating Society.

On December 18th, "French Leave" by Reginald Berkeley was produced by Charles Chaplin and Gordon Hebert. The directing staff and actors are to be congratulated upon the high standard of the entertainment.

After the Christmas vacation, with the new proscenium installed, the Play Contest was started. Unfortunately three classes failed to enter, thus the competition was not as keen as in past years. It is also regrettable to note, that the club did not sponsor a second major production this year, nor did it enter the Dominion Drama Festival, in which it gained a modicum of success last year.

These omissions were due to the fact that the whole of the Clubs activities had to be crowded into the last half of the year, but it is to be hoped that next year, with the improved staging, a full program may again be presented.

MACDONALD COLLEGE HAS PRODUCED MANY FINE DIETITIANS

STUDENTS who plan to enter this profession have ample opportunity during their course at Macdonald College to appreciate the value of HOBART ELECTRIC FOOD PREPARING EQUIPMENT. We draw to their attention the fact that a complete range of sizes is available in each class of machine. There is a model to suit the largest or smallest commercial kitchen.

MIXING MACHINES: Solve mixing problems in kitchen or bake-shop.

POTATO PEELERS: Peel vegetables skin deep. Savings in time and waste.

DISHWASHERS: Clean dishes with breakages reduced to a minimum.

SLICERS: Handle hot and cold meats, bread, cheese, etc. with equal facility.

FOOD CUTTERS: Cut all meats, fruits, vegetables, for salads etc. with marvellous speed.

AIR-WHIPS: Increased volume and improved flavour on whipped cream, sponges, icings, etc.

DANCE COMMITTEE

THE chief concern of the Dance Committee, aside from the ordinary Saturday Night Dances, was the three Extension Dances held during the year. These dances were held in the form of a Hallowe'en Dance, a Christmas Dance and one at the end of the year, a Country Club Dance.

The Hallowe'en Dance was much appreciated by a large audience of gaily costumed students. Their gay mood was enhanced by the setting of frowning Witches and grinning Pumpkin-Faces. Prizes were given for the best costumes and the dance was a great success, due largely to the co-operation and good spirit shown by the students.

The scene of the Christmas Dance was typically wintery. The snow-ball lights sent their diffused glow over the dancers and swept over the Christmas Tree in the centre of the Gym.

The final Extension Dance of the year was the Country Club Dance. This novel idea was originated by last year's Committee. The Dance was so successful that this year's Committee decided to carry on the idea, and to enhance it if possible by concentrating its efforts on the decorations and setting of the hall.

The committee would especially like to mention the co-operation shown by the College Orchestra. This orchestra, led by Brad Walsh, turned out nearly every Saturday night to play at the dances, their music was one of the attractions which gave us such a large attendance.

SOCIAL RESEARCH CLUB

President.....I. P. LAZAROVITCH
Vice-President.....H. A. TEMPLETON
Treasurer.....L. L. LYSTER
Secretary.....R. B. HOW

THE Macdonald College Social Research Club has for its constituted aim, the free and open discussion of political, social, and economic problems of interest to all. It earnestly strives to bring before the students an open forum of live, interesting, and controversial ideas.

With this in view, the executive invited prominent speakers, well-equipped to deal authoritatively with their subjects, to address the Club. Mr. J. S. Wallace, Secretary of the Canadian Labour Defence League, opened the season with an address on the Italo-Ethiopian conflict. Mr. Stanley Ryerson, graduate from the Sorbonne, gave a detailed and illuminating analysis of the Peace Policy of the U.S.S.R. Of special interest to the students was the address of Rev. Mr. Naylor, who emphasized the position of religion in the modern world. Other speakers were: Dr. Marvin, Economist of the Royal Bank of Canada, Mr. A. R. Lockhart, of Macdonald College, and Dr. Bethune, who attended the Physiological Congress held recently in Soviet Union, spoke on "My Impressions of Russia".

The Social Research Club, was instrumental in launching a successful campaign to send a Macdonald delegation to the Student Peace Conference, held in Toronto, December 29-31. The delegates chosen were, Messrs. J. S. Osborne, H. J. Miles, I. P. Lazarovitch, and F. L. Sharpe.

MACDONALD COLLEGE RIFLE CLUB

President.....L. BROWN
Vice-President.....F. N. POPE
Secretary-Treasurer.....F. CLARKE
Team Captain.....D. K. FROMAN

Range Officers.....L. G. HEIMPEL
L. ROBERTSON
C. A. SAUNDERS
D. K. FROMAN

THIS year has seen some marked changes in the Rifle Club. From a Staff Club of a few members, it has developed into a Student-Staff organization—the only one on the campus.

An invitation received from the Montreal Small Bore Rifle Association resulted in Macdonald's entry into the Intermediate League. The competitions are now over, and M.C.R.C. finds itself at the head of the League.

The Club is very glad of the opportunity, through the medium of the Annual, to again thank Mr. W. M. Stewart, for his invaluable assistance, which made possible the securing of very necessary equipment. The equipment purchased for us consisted of four new B.S.A. rifles and cases, two telescopes with stands, and 10,000 rounds of ammunition. He also financed new range lights, and funds for doing very necessary painting in the range.

In addition to the Association competitions, club funds have made possible spoon competitions, conducted under a system of handicapping, which gives every member of the club a chance to win a trophy.

Dr. D. K. Froman ("The Doctor") was the team captain in the Association competitions, and our success is largely due to his efforts, and steadying influence.

The executive of the Club also wishes to thank the Macdonald Men's Club for the use of its Clubroom.

BUTLER'S

DISPENSING OPTICIANS

1192 ST. CATHERINE STREET WEST

CERCLE FRANCAIS

LA première assemblée du Cercle Français a eu lieu le 16 oct. Furent élus les officiers suivants:

	Section A	Section B	Section E
Président	P. Latour	J. Fransham	I. Davidson
Vice-Président	A. Demers	M. Oke	D. Smith
Secrétaire	G. Fuller	N. McAllister	D. Rowsel
Trésorier	G. Gillies	J. Robertson	

Ce cercle a pour but: rendre l'étude du français plus agréable, développer le goût de la littérature, et du folklore français, et de donner aux étudiants une certaine pratique dans l'art de parler français.

Tous les mois une assemblée est tenue dans chaque section. Un maître de cérémonies a la charge des programmes et des activités. Ces dernières étaient présentées sous forme de jeux, débats ou chansons.

En plus de ces réunions, quelques conférenciers sont venus nous entretenir sur différents sujets.

Le 26 nov. Melle Brownrigg donna une causerie sur la France. Elle décrivit certaines régions de la France qu'elle visita il y a quelques années.

Le 4 février M. le Chanoine Chartier, V. R. de l'Université de Montréal donna une conférence sur "L'Ame d'un Canadien Français".

Le 3 mars, M. Jean Bruchési, professeur à l'Université de Montréal, nous a parlé de "La Langue Française au Canada".

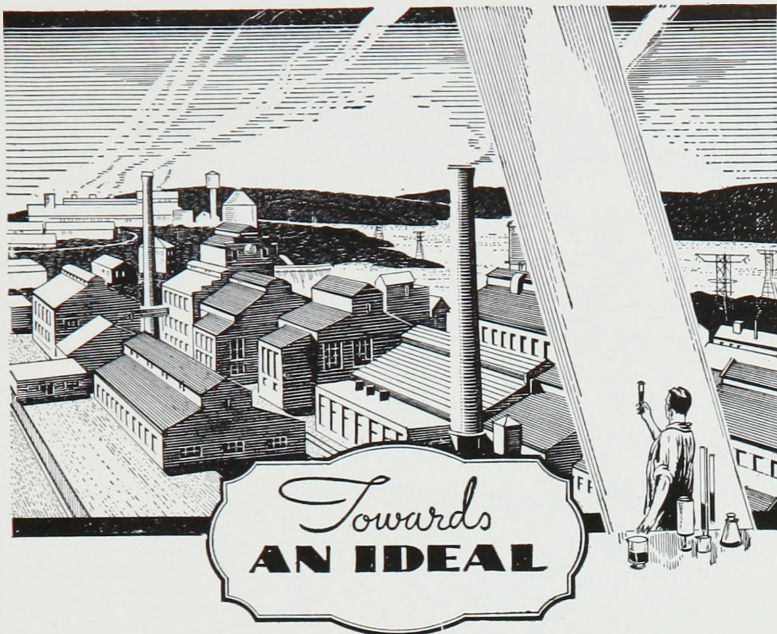

Nous, du Cercle Français, remercions cordialement Melle Brownrigg, et le Dean Laird pour le grand intérêt qu'ils nous ont porté et pour avoir rendu possible la visite d'éminents conférenciers.

SOCCER

DESPITE the fact that Soccer was not as extensively played on the college campus as in previous years, it did not decrease in popularity. Only one game was played this season. In this game, we administered an 8-1 defeat to Theology, to retain the Interfaculty Soccer Championship for the fifth consecutive year.

That Soccer is one of Macdonald's Athletic fortes, is evidenced by the fact that we contributed three men, in the persons of Archer, Cahusac, and Horsnall, to the McGill Senior Team. Bailey was a regular player for the second string.

Boving Cup games were played with that exuberance and enthusiasm of which they are characteristic. The Seniors, after two hard-fought games, annexed the cup from the Freshmen.

Contributing its share both to prosperity and scientific progress, this organization is constantly striving towards an ideal of achievement — to produce the purest of chemicals and the finest of steels and alloys.

RUGBY (continued)

McGill, Bishop's, and Loyola have experienced the driving impetus of our 1935 team, and with reasonable surety we may predict that they, as well as other teams, will experience it again next year. We have reasonable hopes of doing big things in the future years in the intercollegiate rugby field.

Through the generosity and sustained interest of Mr. Walter M. Stewart of the Macdonald Tobacco Company, and, likewise, the co-operation of Mr. H. A. Condie, Mr. Stewart's representative, the team received support which did a great deal to enhance the enthusiasm shown by the players. The team, arrayed in impressive uniforms and equipment, presented a spectacular panorama to enthusiastic audiences, and were exceedingly well-protected from chance injuries.

The co-operation and enthusiasm of the staff and students made possible many things which would undoubtedly have been impossible with our limited athletic budget. With the expert and unselfish co-operation of our experienced coach, Frank Sharpe, there is no doubt that some of our hopes at least will be realized.

BASKETBALL (continued)

A large number of enthusiasts turned out for the earlier practices, but this was eventually weeded down to a squad of ten. Unfortunately, injuries and other unforeseen circumstances depleted this squad. This necessitated the augmentation of the team by the most promising juniors, who will, no doubt, prove of great value, if not this year, as a nucleus for a future team. The team, although not outstanding in every department, is exceedingly well balanced. Judging from the type of play, as exhibited up to date, apologies will not be necessary at the end of the schedule. Stothart and Ayers, both players of considerable experience, have been great mainstays; Smythe, Lamb, Houston, and Adamson, all players of former Macdonald teams, have all proved of inestimable value; Taylor, Muir, Robertson, Miller, Ounsworth, and Eastman have also rendered staunch service.

The squad, thanks to the generosity of Mr. W. M. Stewart, has lacked nothing in the line of equipment, and the monetary restraints on travelling have been lessened considerably.

Appreciation must be accorded our versatile coach, Frank E. L. Sharpe, whose arduous task has not been entirely barren of results.

Graduation, will of necessity, deplete the squad. But there will remain a nucleus around which a team may be built in future years. With talent such as there is, both latent and exposed, there should be no fear that basketball will attain an unapproachable position in Macdonald's athletic activities.

HOCKEY (continued)

Our step into intercollegiate competition this year is the consummation of a hope that the College has had for many years. Its fulfilment is mainly due to Mr. Walter M. Stewart of the Macdonald Tobacco Company, and our faculty members. Mr. Stewart has outfitted our team, and made us a grant of money. The staff has also helped us in every way possible to establish this activity. In many ways our faculty is felt to be more than twenty-five miles from the other faculties of McGill. It is with a great deal of satisfaction that we comment on the fact that this distance has been gapped by the support that we have received, and are receiving, from Major Forbes, of the McGill Athletic Office. Dr. Bobby Bell, too, on his visit to Macdonald, rendered us a service which can only come from men of his ability and experience.

"Andy" Anderson and "Bud" Green, as is characteristic with our Macdonald team managers, have performed their duties for the team in such a way as to make the season one of organized pleasure.

Our coach, Frank Sharpe, must not be forgotten. His guidance and instruction in hockey was of the same high standard as in basketball and rugby. The success which the team attained was due, in no small measure, to his untiring efforts.

***The* MCCORMICK-DEERING CREAM SEPARATOR**

is the closest-skimming machine on the market. Its ball bearings and stainless steel discs assure you years and years of such efficiency. These discs are made of tough, strong, closely grained metal that is absolutely rustproof all the way through. The McCormick-Deering bowl will remain in balance and give you good, clean, sanitary service much longer than any bowl using tinned carbon-steel discs.

***The* MCCORMICK-DEERING MILKER**

has a great reputation for its features of sanitation which make it possible to produce a high grade of milk with low bacteria count. It has many other valuable points which make it outstanding. Visit the McCormick-Deering dealer's store and see this modern, money-saving McCormick-Deering dairy equipment.

LITERARY AND DEBATING SOCIETY (continued)

DEBATING UNION

This society, subsidiary to the "Lit", has been carrying on under the able management of Mr. Irving Lazarovitch. An apt debater himself, Mr. Lazarovitch has done much to develop the art in the members of the Union.

PLAY READING CLUB

Mr. Lynden Lyster accepted the duty of presiding over the activities of the organization which was never more popular in the past, nor so well attended. A number of well known plays were read, including some assigned in the English courses of the junior years, which did much to popularize these courses in the eyes of the victims.

PLAYERS' CLUB

Apart from the Interclass Play Contest it has only been possible to stage one major play during the session. It was hoped at one time to present "Journey's End", the famous war play by Mr. R. C. Sheriff. Unfortunately the Players' Club from McGill were unable to dodge the exorbitant royalty payable for this production, so we did without the play.

CONCERTS

The Hooper Southern Singers favoured us with a concert of Negro Spirituals followed by a minstrel show.

The kindness of Jas. A. Ogilvy's Ltd., was evident again this year in the form of a gift concert. Mr. Lieven, as Master of Ceremonies, carried off the honours and most of the applause, though the entertainment was an Amateur Hour. We are very much indebted to Mr. Aird Nesbitt and Mr. Paul Lieven of Ogilvy's, who have always shown such kindness to our Society.

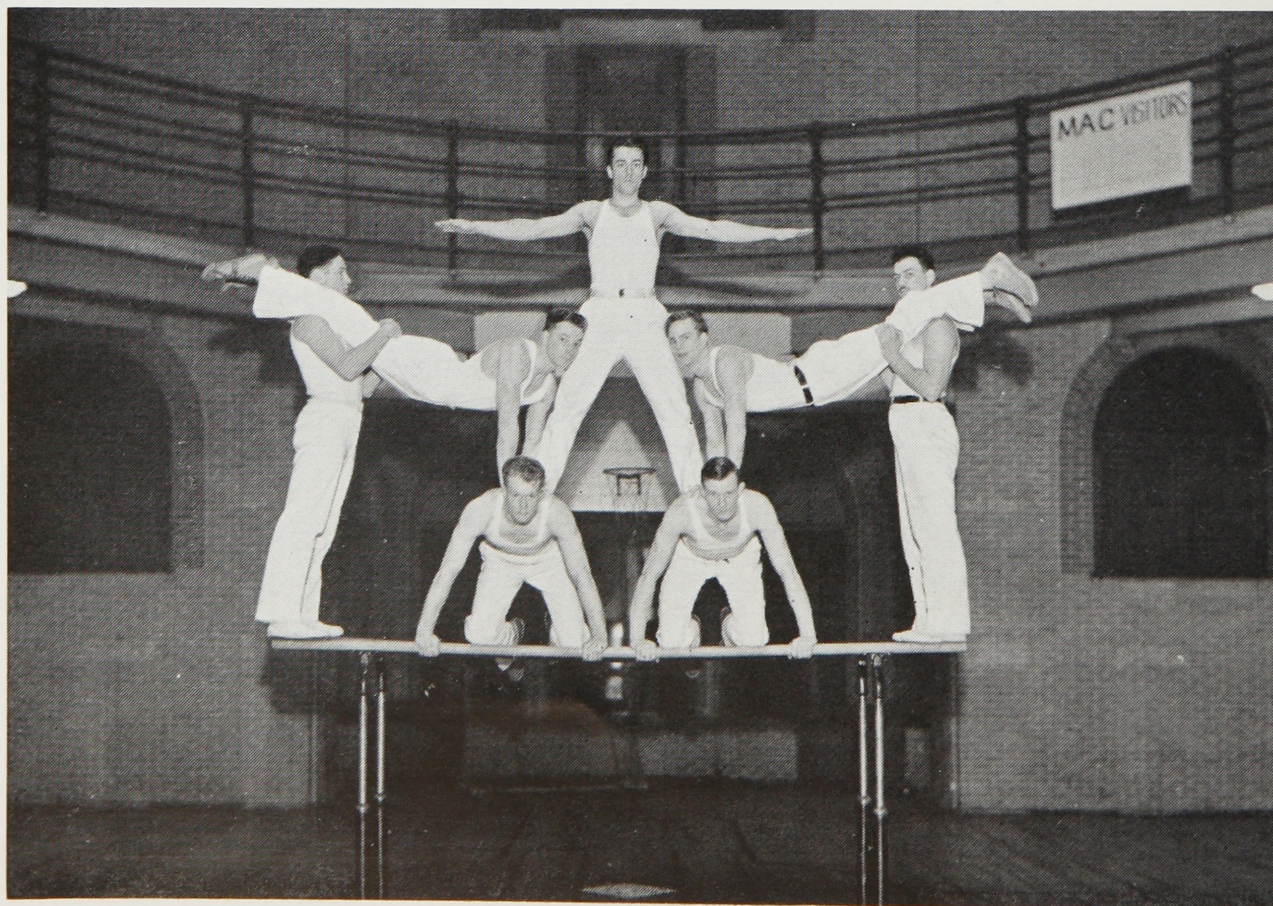

THE GREEN AND GOLD REVUE

The G. & G. was probably the best piece of staging that the college audience has ever witnessed. The very charming chorines were set off by unbelievable colour effects, and excellent music composed chiefly by Mrs. Thatcher, while the few skits there were, were good.

TEACHERS-SCIENCE DEBATE

Up to the time of going to press, that most delightful and entertaining event, the Teachers-Science Debate, has not yet taken place.

Last but by no means least we wish to voice our appreciation to Mrs. Walter M. Stewart for donating one hundred dollars to the "Lit." to be expended in providing equipment for future Revues.

OF MONTREAL

TO
the Student WHO
THINKS OF THE
Future

To you as a student, banking may seem a quite irrelevant matter. It shouldn't . . . for actually a banking connection can be of very real value to you.

Do not hesitate about opening an account for yourself because you feel your deposits may not be large. The Bank of Montreal will welcome your business; and you can look to it — as Canada's oldest bank — to provide you friendly, interested assistance in the special business or professional pursuit you may follow in any part of the Dominion in the years ahead.

BANK OF MONTREAL

... the outcome of 118 years' successful operation

STE. ANNE DE BELLEVUE BRANCH
J. D. R. MORISETTE, Manager

A Million Deposit Accounts Denote Confidence.

THE COFFEE SHOP

THE Coffee Shop was again operated under the guidance of the Residence Committee. Financially the year was not as good as last, but, nevertheless, the Shop has been run at a fair profit. It is hoped that when all accounts have been settled for the year, the initial debt incurred last year in equipping the room in the basement will have been wiped out. If this is the case, the proceeds from the Shop in the future can be used to install much needed recreation rooms in the basement.

Prof. L. C. Raymond, Prof. L. H. Hamilton, Dr. A. J. G. Maw, Mr. T. F. Ward, and all members of the Students' Relationship Committee, are to be thanked for their help throughout the year in aiding in the management, and the improvement of the shop.

Play!

All work and no play makes Jack a dull boy! — and it makes Joan a terrible prig! So plan to play for health and happiness but first come to Ogilvy's and outfit yourself with Sport Togs, Golf Clubs, Tennis Equipment, etc. All chosen to please the enthusiastic younger set. All priced to be easy on your vacation allowance.

MACDONALD COLLEGE

(McGILL UNIVERSITY)

Faculty of Agriculture

THE DIPLOMA COURSE—of two winters' duration (November to March) arranged for the convenience of farm boys—eminently practical—comparatively inexpensive.

THE DEGREE COURSE, B. Sc. (Agr.)—extending over four years. A sound scientific course and an all round education, with opportunity to specialize in the various branches of agriculture represented in the profession and in farm practice.

GRADUATE COURSES (M.Sc., Ph.D.)—advanced training for scientific workers. Specialist courses in Agronomy, Animal Nutrition and Breeding, Bacteriology, Chemistry, Entomology, Horticulture, Parasitology and Plant Pathology.

All Quebec students in the Faculty of Agriculture receive a grant from the Provincial Government of \$9.00 per month of attendance to apply on account of board and lodging.

*Application for Admission to be Made to The Registrar,
Macdonald College, Que.*

School of Household Science

SHORT COURSES—beginning in September, January and March. A very practical course.

HOMEMAKER COURSE, ONE YEAR—beginning in September or January for young women 17 years and upwards.

DEGREE COURSE (B. H. S.)—extending over four years and training for professional life.

Tuition is free in the first two courses for daughters of farmers of the Province of Quebec.

*Application for Admission to be Made to The Registrar,
Macdonald College, Que.*

School for Teachers

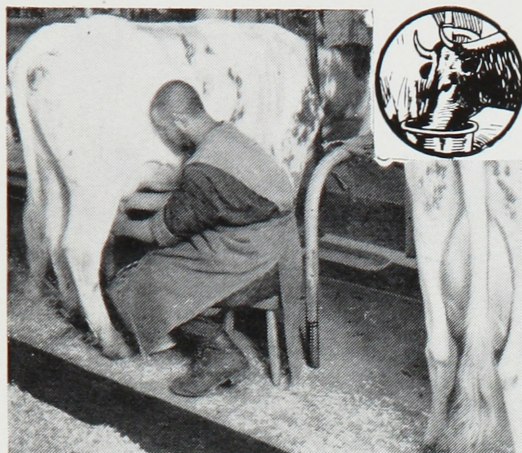

The School for Teachers gives a thorough training to those intending to teach in the Protestant schools of the Province.

Tuition free to all students, and bursaries of \$100.00 each given to those students of the elementary class who promise to teach three years in an elementary rural school in the Province of Quebec.

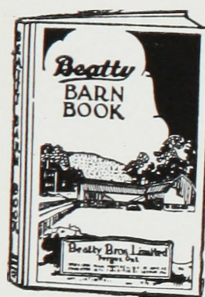

*Application for Admission to be Made to Dr. W. P. Percival,
Department of Education, Quebec.*

Cost of BOARD and LODGING for all Courses: \$7.50 per week.

Explosives On The Farm

YOUR grandfather boasted that during his lifetime he had cleared forty acres of land. To-day, the tedious operation of removing boulders, tree stumps, building of ditches, etc., can be carried out by the use of C-I-L Explosives with an ease and quickness that means much to successful farming.

Explosives are safe to use and easy to carry through woods, and over rough country. They permit the work to be done with speed and with no loss of time.

C-I-L Explosives are obtainable at your dealer. If he does not carry them, write us direct.

You may obtain information on any problem arising out of the use of explosives from our Explosives Technical Department.

■ BEAUTY • CHARM • ROMANCE ■

With Derny's 3 Secrets . . . every woman can make herself more beautiful — more charming — and surround herself with a fascinating fragrance — the fragrance of romance.

Derny's 3 Secrets is a complete series of thrilling Cosmetics whose haunting, delicate Perfume softly whispers "Paris."

There is—

BEAUTY in the Creams

CHARM in the Powders

ROMANCE in the Perfume

Creams —25¢ and 50¢ a jar.

Powders—25¢ and 50¢ a box.

Perfume—25¢ to \$4.00 a bottle.

PERSONAL PSYCHOLOGY

by MORLEY DAINOW

*A Book that will enable you to get more
out of life.*

Mr. Dainow sees inside people's minds—he sees
inside your mind. He knows your problems, your
doubts, your fears, and by his great experience
he knows how to help you to overcome them.
He knows your strength, too, and he shows you
how to use it to your best advantage. If you
learn these things, you will approach nearer to
the happiness and success that you desire.
